

## **Golf Cart Safety Program**

Effective 4/1/2010, the President implemented a new Golf Cart Safety Policy. This policy applies to all golf cart/utility vehicle operators who operate golf carts/utility vehicles on Florida Atlantic University property whether a golf cart/utility vehicle is owned and operated by the University or by a non-University entity. Deans, Directors, and Department Heads are responsible for ensuring that golf carts/utility vehicles are purchased, operated, and maintained according to the policy.

Departments must coordinate the purchase or transfer of golf carts/utility vehicles with Facilities and Environmental Health & Safety through the Purchasing Department (purchase) or the Property Records Department (transfer). This applies to all new or used golf carts/utility vehicles purchases.

To assist you in complying with policy requirements, EH&S has developed a Golf Carts/Utility Vehicles webpage with frequently asked questions, program forms, vendor information, and on-line training. The webpage is available at <http://www.fau.edu/facilities/ehs/golfcarts/> . Any questions about the Golf Carts and Utility Vehicles Policy may be directed to EH&S at 561-297-3129 or [ehs@fau.edu](mailto:ehs@fau.edu).
