

FLORIDA ATLANTIC UNIVERSITY

FAU INTELLECTUAL PROPERTY POLICY AND AGREEMENT (FORMALLY PATENT POLICY ACKNOWLEDGEMENT & AGREEMENT)

I understand that Florida Atlantic University (FAU) has a Patent Policy that applies to inventions made under University auspices. I also understand that FAU's funding agreements with third parties, including the United States Government, impose certain obligations with respect to rights in inventions. In order to facilitate compliance with the terms of those agreements and applicable Federal regulations, I agree as follows:

1. I will abide by the FAU University Patent Policy, including any amendments adopted, and I will execute any assignments or other documents necessary to comply with its terms.
2. If in the course of research conducted under University auspices, as defined by the Patent Policy, I make any invention (whether or not patentable), I will provide to the Florida Atlantic University Division of Research a written disclosure of the invention and I will cooperate with that Division and/or the Florida Atlantic Research Corporation (FARC) in the preparation of any patent applications.
3. I do not have any consulting or other agreement with any third person or organization, which grants rights that are in conflict with this agreement, nor will I knowingly enter into any such agreement.

Date: _____

Signature

(Original signature only; a "Per" signature is not acceptable).

Name (please print or type)

Department/College

This form must accompany all proposals

Copies of the Florida Atlantic University Patent Policy may be obtained from Sponsored Programs, the Florida Atlantic Research Corporation, or the Office of General Counsel. It is also available on the web at https://www.fau.edu/research/docs/policies/technology-development/ip_policy.pdf
