Postdoc Career Talk

FOCUS ON FUNDING

Worried about funding your research during your post-doctoral fellowship?

Anxious over your faculty mentor requiring you to find funding or write a grant?

Stressed with how to build your research program?

The Office of Research Development will ease your mind and answer all your questions as they talk about tips to finding funding, best practices for proposal writing, and how they can help guide you on your research journey.

Research Development supports researchers with the training, tools and review services to be successful in their pursuit of funding.

Be sure to bring your questions! Walk away with valuable career-building tips, lessons and skills that can advance your career development.

SPEAKERS

Jeanne Marie Viviani, MPA, Director of Research Development

Viviani has more than 20 years of grant management and research development expertise. Prior to FAU, she founded and directed two sponsored research offices, New College of Florida and Florida Polytechnic University.

Angela Clear, MHS, Associate Director of Research Development

Clear has more than two decades of experience in research administration and science writing and editing. Previously, she worked at the National Institutes of Health and in FAU's Research Integrity office.

HOST

Lorena Areal, Ph.D., Postdoctoral Fellow at FAU Brain Institute

TIME 4 TO 5 P.M.
WHEN Sept. 2
