PRESIDENTS REPORT:

-Maher: Typically Evan is wearing shorts and t-shirt. Congratulations again. A few reminders on October 14th we are hosting a Midnight Madness event from 8pm to midnight, but I won’t steal Evans thunder and I will let him tell you more about this. Also next Friday, October 15th at 4pm is the groundbreaking ceremony. It’s going to be a great tradition starter the marching band and the football team will be walking down the breezeway. I would like to invite you to join and be a part of the tradition. The group is going to meet at the traditions plaza at 3:45PM and walk behind the football team, the marching band and the color guard. There are going to be a lot of people there, 750 people have already RSVP’ed. Me and Evan will be going to represent FAU at the FSA meeting. FSA is a board comprised of Florida Universities to have our voice be hear, the only university that is not is FSU because they think that they can function better politically separately than as a part of group. FSA is not endorsing any campaigns, however if anyone would like to work with me to get student out to vote and make them aware of spring elections. Also the trip to Tampa was a success. We had a really good turnout, a good tailgate with the Alumni Association. Thank you to those who came, it was nice to see so many FAU fans out there. Congratulations again if any of you have any ideas to make FAU a better place come work with me and talk with me about what you want to do, also talk to Boris. Yield time for questioning.

VICE PRESIDENT’S REPORT:

Konecky: Ayden gave me all the cool topics to talk about. I have a meeting with Dr. Brown on Monday to discuss the campus recreation center adding two more volleyball and basketball courts. Students will be able to rent out sports materials. After the retreat you should all go to the groundbreaking, it will be a great event. Midnight Madness is to promote the basketball team. We will be giving out basketball jerseys. The
women's basketball team and the men's basketball team will be there. I've been attending the UP's weekly meetings, as well as the Owl TV weekly meetings. FAU plays someone in hockey next Friday.

Questions:
-Berichi: "are you aware that none of the lights at the tennis courts work?"
-Koneky: That's why we want to get people out there to make sure they work and you should report them to campus Rec. if they don't work.

*Motion to admit all members by Grider; seconded by Shackelford

GOVERNORS REPORT: None

CHIEF JUSTICE REPORT: None, but Maher comments there is no chief justice, next order of succession.

PROGRAM REPORTS:

HOUSE FORUM:
-Grider: I want to speak about BRHB-10-01, "Let's Get this Float Rollin'". This is a new bill written for the homecoming float brought up by Summit at the last meeting. It asks for and allocation of $300 and an ad-hoc committee to be created. We will be getting support from governor for shirts and a banner, but this needs to be passed today, it can't go to committees because it will be too late. We're going to try to get everyone involved and bonding with pizza. Capata wants to have a shift form. Not going to be fun or good if no one gets involved.

Questions: None

^Point of Information: Khonat "Would this would come from A&S fees? And if it does, can we use it to promote ourselves?"

-Boris: Yes
-Capata: "the SG house should be different this session; our name should get out there. I work and go to school full time. I'm busy and I'm a Bio major and I can give 3 hours a week. Everyone can give out 3 hours. Just pick a week put some shifts down. I don't think it's much to ask. I also want to throw a party, a destressor party. I am going to talk to Gentry and see if I can do it along with Stress week at the end of the semester. I want to give out giveaways. I want to do a competition in the rec. center and do a basketball competition...

-Boris: Time has expired need a motion to continue.

* Motion to extend the speakers time by 3 minutes by Grider; seconded by Berichi

~Point of Order to stop using cell phones by Shackelford.

-Capata: These are some give away idea I had (passes around sheet), fitness towels, mugs, drawstring bags. We could have stations like Hackey-sac throw or beer pong just not beer, like Gatorade Pong. I would like to meet with some people who would like to do it. Food is optional.

Questions:
-Khonat: "are we allowed to use A&S frees for prizes?"
-Capata: For free giveaways we are, raffles we're not. Everyone is a winner even if you lose.

-Khonat follow-up: For Gatorade pong, could we make it hot sauce pong?

-Capata: Dr. Brown doesn't want suggestive games, so we could do something like corn hole or the fishbowl game.

-Arsolino: Are you going to submit a bill?

-Capata: Yes, once I get prices. It's at the end of semester so I have some time

-Nicholas Scalice: I would like to talk about three pieces of legislation. BRHR-10-01 the coauthor is pro-tempore Shackelford. The title is "For the Betterment of the Student Body." This is a very important piece of legislation. I want to make sure we are making decisions without personal ties with organizations. The final result is the most important. I can also understand sending this to committees. "Let's get the float rollin'" is urgent. I suggest we go to quasi-committee, we are dealing with funds and we need the money. We need to have it in time in order to represent SG. It is most essential to get this rolling instead of sending to committee. We can amend it or strike things...

-Boris: Time has expired need a motion to continue.

*Motion to extend the speakers time by 2 minutes by Capata; seconded by Grider.

-Scalice: I would like to mention BRHB-10-02, "New student and Owl Family Programs Need Netbooks," submitted last week. This is important because we are dealing with office of orientation. The netbooks they are asking for is equipment to do checks. I do see the point of looking over it in committee so that they are getting the best price quotes. Of the 3 pieces of legislation it is essential to take care of the float bill.

Questions:
-Scalice: Are you aware that BRHR-10-01 has been sent to committees?
-Scalice: Yes, but we didn't have committees.

VETOED BUSINESS: N/A
TABLED BUSINESS: N/A

Questions: None

~POP Hasan

-Summit: Thank all of you for passing the bill. Is anyone an engineering Major? Can I see both of you after the meeting? If anyone is an engineering major we could use your expertise.

Questions:
- Capata: “are you going out send out a timeslot email?”
- Summit: I am talking to Bill about parking the trailer I will get back to him early next week and send email early next week.
- Khonat: I do know a few, if you could give the schematics I could give it to some engineers to help with how to build it.

-Summit:

-Anastasi: Are you aware my dad is a general contractor and he could help?

-Summit: That’s good.

-Campus Attorney General Emily Pollock: Remember House etiquette. No side conversations, no texting, someone was half asleep. Put your phones away. I suggest representative Capata create an ad-hoc committee, so she doesn’t do all work herself.

-Khonat: Did you know a bill just passed to create an ad-hoc and allocate money?

-Pollock: I was not talking about that, I was talking about the distress party.

-Senator Ralph Landou: Hello. The is no senate meeting, the other senator was mistaken. still waiting on Even the midnight even is picked as 2nd come out. Endorsed program.

-Ways and Means Chair Massetti: Time for meeting is at 2:30PM every Friday, if you can’t make it talk to Boris to change the time of the committee. These people are in my committee: Allen, Becker, Gorry, Gridr, Hodapp, Hodges, Jackson, Gordan, Tepper, Ward, Yudien, and Zucker. If you would like to be vice chair, just email me.

-Representative Anastasi: This is unrelated to SG. I’m trying to get the college representatives on campus because there is the college democrats but not republicans. If anyone is interested please come and talk to me even if only one of you.

-Campus Action Chair Arsolino: Our meeting will be at 2:00PM. If you can’t make it talk to me and I will talk to Boris. The following people are in my committee: Jean-Baptiste, Berichi, Blouin, Boylan, Capata, Dumas, Hasan, Hirsch, Lackey, Lupo, Romano, and Wu. If you would like to be a vice chair email me.

-Representative Napier: I’m the RSA sustainability advocate and Mission green is taking their focus back to campus. They are wanting to get an e-board started and it would look really good if SG became interested and supported green initiatives.

- Rules and Policies Chair Phillips: I am open to creating a meeting time that is good for you. The name and committee on the back of page, so please look and if you are on my committee meet with me afterwards so we can choose a time.

-Parliamentarian Scalici: I have to put on a parliamentary workshop every session. The only thing besides parliamentary procedure, state Law. The number one thing that precluded me being active, was not knowing Roberts rules of order. We will be providing you with a 20 min info session. This can be done at the next regularly scheduled house meeting. In addition to learning the rules we will be giving out the small guide. There is also a bigger book. If you would like to do it on your own you could rent out the books from the library. The rules will just come naturally.

^Point of Information: Capata: “when will it be scheduled?”

-Boris: The next scheduled meeting.

-POP: Berichi

-POP: Varella

LEGISLATIVE REPORT:

-Boris: Thank committee chairs for being so proactive. If you look at the sheets one column has committee, points, etc.. The little RP, CA, and WM stands for Rules and Policies, Action, and Ways and Means. Every representative except for the dais is assigned to a committee. I believe I left off 13 and 13 for each of them. Please contact all the members and see what the best time is for them. If there is a conflict, let me know to change your committee. Next column says points. We have a point system, you may have a reason or you could be kicked out of the House. Every roll call is a point in the House. A ½ point for each committee roll call. It is required for you to go to the committee meetings. I wanted to let you guys know that we have business cards...

~Point of Order: Shackleford: Hassan stop using phone.

-Boris: They aren’t as cool, but if you would like them, take as many as you want so they are not sitting in office. I have a whole box full of them if there is anytime you would like to get business cards, t-shirts come gets some. I will be appointing all the ad-hoc committee next house meeting. I will be appointing the ad-hoc committee chairs, creating new ones, and evaluating old ones.

Questions:
- Khonat: “Am I correct to assume that the points go to 6? And if appealed only ½ is taken out?
- Boris: You can have the full point returned if you have a legit excuse, but only one per semester. At the next meeting people are recruiting points. Absence appeal process, when we get to that point we will address that.

-Capata: Can I have my own ad-hoc committee for the destressor party?

-Boris: I would suggest writing a bill.
Capata: Can I create an ad-hoc before writing a bill?
Shane: How do appeals go?
Boris: You go to office and fill out and absence appeal form, from Abby, or pro-temp Shackelford, you write down what meeting you missed, why you missed, with documents if you have any. At committee on committee meetings they approve or disapprove.
^Point of Information: Scalise: Please rise when you ask a question.
-Napier: standing committees, how long do they last?
-Boris: I have seen meetings that last 5 min and meetings that have lasted a long time. You have to do business and if it continues, you have to finish business.
*Motion to admit all members by Ramano; seconded by Dumas; No objections
*Motion to create an ad-hoc committee by Capata.
-Boris: What is the name of the committee?
-Capata: destressor owls.
-Scalice: I think that it is proper to return to new business and then create the ad-hoc.
*Motion to return to new business by Hasan; seconded by Dumas.
NEW BUSINESS:
*Motion to create Owl Destressor Committee by Capata; seconded by Napier; Objections: 0.
-Boris: Owl destressor ad-hoc committee is created. Without objective return to reminders.
