Michelle Villeda:
Hi, I’m the President of ASA Davie, we’re having Game Night, Oct 20th from 5-8:30 SD 105. Here’s a sample flyer were designing. We’ve been asking several organizations to participate and contribute. We have confirmation from Broward Program Board, Broward Gov, Club Creole, Finance club. We’re waiting on Psychology club and HSRS. We would really appreciate it if the house could support us financially. It’ll be around $80 if the house chips in.

Speaker Newton:
It’ll be good to get our name on the banner and to attend so we can meet and speak to all the students.

D. Bynes:
I would suggest that we go to COSO first, they have a contingency. The house doesn’t want to set that precedent when there is a budget set up for things like this. Executive branch and Program Board have certain liberties, it’s important to think of the mission of the house.

Please let’s get in the habit of wearing our polos to our house meeting.

Rep. Logan said she was not going to wear the polo shirt. David Bynes expressed his disappointment that she would not comply with the Speaker and cooperate with the House. Speaker Newton reiterated that he was not requiring representatives to wear them but simply asking them to in order to promote the house and create unity.
