Speaker’s Report:
❖ Speaker Smith:
  the current House budget is $1242.25; he mentioned it is important to consider this amount for programming and to not let the money go to waste. If a club has a funding request we should allocate money for justifiable reasons.
  Representative Ricketts and Speaker Smith have been working on a new project: promoting Palm Tran Ridership - a Palm Beach County bus system that provides a form of transportation to the public. He encouraged the House members to aim to provide more information about Palm Tran and let students know there is a bus stop on campus.
  Update on the Student Locker program: advertisements have been posted through flyers/e-mails and many students have been utilizing the lockers.

❖ Motion made by Representative Scerbo to suspend Robert’s rules of order for house discussion
   o 2nd by Representative Gopaldas
Palm Tran information was discussed: the route map, cost, and time of service (6 am-7:30 p.m.);
Palm Tran advertisement ideas: reach out to commuter students, flyers around campus, tabling event in dining hall.
Representative Scerbo spoke about the Health and Wellness Fair. He has been in contact with a representative from the Life Alliance, Josie Flores, and she is bringing a lot of informational brochures and free items. There will be a trivia styled game happening for the giving away of FAU flash-drives. Labeling the flash-drives with Student Government brands was a suggestion made by a representative. The House decided on giving away 32 flash-drives to student and faculty winners. Josie will be doing organ-donor sign-ups and providing information to interested people.
The representatives planned a meeting time to tag the FAU flash-drives; the meeting was set for Monday, February 14th, 2011 at 7:00 p.m.

2:00 - 3:00 → Governor Yarnell
