[Signature] Chief Justice
WHEREAS: In order to encourage and promote a more efficient Legislative Branch that relies on the technology of today and to make sure that the representatives of the Student Body have the latest technology to do their jobs more efficiently, and;

WHEREAS: The legislative workroom contains a whiteboard that in no way benefits the House of Representatives and the Senate. This whiteboard is old and flimsy and an embarrassment to the legislative branch of Student Government.

WHEREAS: The Student Government Senate and the Boca Raton House of Representatives feel that the best way to take the next step forward technologically would be to replace the current whiteboard with a smart board; and,

WHEREAS: The smart board would allow committees to be more interactive and come up with more ideas. The Campus Action Committee would be enabled to create petitions, surveys, and focus group questions in real-time and collectively. The Ways and Means Committee would be able to have electronic access to Student Government accounts thus saving the paper that would be needed to print account reports for each committee member. Also this would enable the Ways and Means committee to stay on the same page and work efficiently as a team. The Rules and Policies Committee would be able to make revisions to the statutes and track them easier and improve consistency. The Committee on Committees would also be able excuse absences and then update the absence points in real-time. The Senate would benefit from it in that it could be used to conduct video conference calls for Senators who cannot be at meetings physically.

THEREFORE BE IT RESOLVED: That the Boca Raton House of Representatives and the University-Wide Senate purchase a smart board to be installed in the Legislative Workroom and
that the funds for the purchase come out of the Senate Contingency account S00329 and the
House Contingency account S20012 with the two legislative bodies sharing the expense.

THEREFORE BE IT FURTHER RESOLVED: That the smart being purchased is the one
attached to the piece of joint legislation for a total of $7,617.98 with two thirds of the cost being
covered by the Boca Raton House of Representatives and a third of the cost being covered by the
University-Wide Senate.
Breakdown:

- Senate - $2539.32
- Boca Raton House - $5078.66
