WHEREAS: The University Press recently reported that the Mission Green Student Association seeks to add a Green Fee onto student’s tuition, and;

WHEREAS: This will add an additional fee to student’s tuition by 2013, and;

WHEREAS: The goal of this fee is to accumulate funding to add solar panels and other forms of renewable energy to allegedly bring down energy costs for the school, and;

WHEREAS: Lower energy costs would be positive for Florida Atlantic University (FAU) but would not benefit students, and;

WHEREAS: Using renewable energy, such as solar panels, is a positive idea but coercing students to fund these materials is unfair because it will not benefit them, and:

CODING: Words **stricken** are deletions; words **underlined** are additions.
WHEREAS: At a time of budget cuts and possible tuition increases, FAU students do not need an unnecessary fee added to their tuition, and;

WHEREAS: FAU's low tuition costs are part of what makes FAU an attractive school and we should fight to keep rates as low as possible, NOW;

THEREFORE BE IT RESOLVED: That the FAU Boca Raton House of Representatives should oppose any attempt to add a Green Fee to student's tuition.

CODING: Words struck through are deletions; words underlined are additions.
