Signature – House Speaker ____________________________________________

Boris Bastidas
WHEREAS: Florida Atlantic University’s Boca Raton campus is the main campus and attracts many students from Florida and other countries, and;

WHEREAS: The Boca Raton campus accumulates thousands of students every semester and,

WHEREAS: The Previous Student Body President, Ayden Maher, stated in his last report that “the Board of Trustees would probably close the Treasure Coast campus and the Fort Lauderdale campus around 2013 because of budget cuts”, and;

WHEREAS: These students would probably have to come to the Boca campus and it would enlarge the pool of students on the campus, and;

WHEREAS: The only space available for students to study and do their homework is at the library and all night study center, and;

WHEREAS: As a result of so many students, the library and the all night study center do not have enough space for the current and prospective students to study and do their homework, and;

WHEREAS: Between 10:00 a.m. through 9:00 p.m., the library and the study center are full with so many students that some have to sit on the floor between the bookshelves, and;

WHEREAS: These students that sit on the floor prevent the workers in the library from working efficiently on putting books back on the shelves, and;

WHEREAS: During final exams, numerous amounts of students are searching for areas in the library and the all night study center for them to study and do their homework, NOW;
THEREFORE BE IT RESOLVED: That The Board of Trustees should consider the construction of a new building for current and prospective students to study and do their homework, and;

THEREFORE BE IT FURTHER RESOLVED: That this resolution should be sent to the Board of Trustees and for them to take the interest of the students in the consideration of a new study building.
