

February 28, 2008

Dear Prospective Member of Phi Kappa Phi:

Congratulations on earning your invitation-to-membership in The Honor Society of Phi Kappa Phi. This invitation from the Florida Atlantic chapter recognizes and honors you for your outstanding academic achievements. Invitations are extended to top juniors and seniors, as well as outstanding graduate students, faculty, professional staff and alumni. Phi Kappa Phi was founded in 1897 and is the oldest and most prestigious honor society in the United States recognizing scholastic achievement in all fields of academic endeavor to which students at Florida Atlantic University may aspire.

Membership in Phi Kappa Phi does not prohibit you from accepting membership in other honor societies, but Phi Kappa Phi offers some distinct advantages in both the academic world and the job market. Graduate school admissions committees and employers alike know that Phi Kappa Phi members are the very best students in their colleges and universities. There are more than 300 chapters in the United States from Alaska to Florida and Maine to Hawaii, including the Philippines and Puerto Rico. Phi Kappa Phi's National Office offers more than \$700,000 in scholarships and grants each year. Florida Atlantic's chapter awards \$10,000 in annual scholarships.

I am a proud Phi Kappa Phi member and I have very prestigious company. Other members of our honor society include United States Presidents and Supreme Court justices, Senators and Congressmen, leading scholars and researchers, and well known artists and authors.

Please carefully examine the membership information provided to you and seriously consider accepting membership in the nation's oldest, largest, and most selective all-discipline honor society. Congratulations for your success at Florida Atlantic University and best wishes in your chosen career.

Sincerely,

A handwritten signature in black ink that reads "Frank T. Brogan". The signature is written in a cursive style with a large, looped initial "F".

Frank T. Brogan
