HOW TO CONNECT TO FAU'S INTERNET

Before you can surf the web, stream videos, play online, etc. You need to register your device with FAU.

1. Connect to the FAU wireless network from your wireless device (e.g., laptop or mobile device).
2. The first time you open up a browser you will be redirected to the **FAUNet ID** Central Authentication Service.
3. Enter your **FAUNet ID** and **password** and click **LOGIN**.
4. Enter a name for your device (ex: Joe's laptop). The MAC Address should automatically appear in the box.

5. **Accept** the Use Policy and then click **Register Device**.
6. You have successfully added/registered your wireless device!

**** Very Important** In order for the settings to take effect properly, please turn your wireless connection off and on or reboot your device. Make sure you are on the FAU network to accept the new network settings.**

7. After your device has received its new network setting you should be able to browse the internet, stream videos, play games online, etc. without being prompted to log in.
