**Elective Credits**

The number of elective credits allowed varies by major. Please consult with an academic advisor to determine the number of elective credits required for your major. Certain majors do not allow any electives.

**P/F**

Certain designated undergraduate courses may be taken for a letter grade of pass (P) or fail (F). Students must indicate the grade option preferred when registering; otherwise, a letter grade will be given. The maximum credit available to any student on the P/F option is one course per term with a maximum of 12 credits during a student’s entire course of study. This option is not available for courses in the student’s major, for students on probation, or for Engineering majors.

University Advising Services

March 20, 2017
FOREIGN LANGUAGE (4 - 8 credits, 1 or more courses in the same language) - REQUIRED FOR MAJOR
Students with more than one year of a foreign language in high school should enroll in the second half of the beginners foreign language class (ARA/CHI/FRE/GER/HBR/ITA/JPN/LAT/SPN 1121) or a higher level course. Proficiency for a first-level course can be earned by successfully completing a second-level course. For questions related to this requirement, consult an academic advisor. CLEP exam credits meet this requirement: see the catalog.

NOTE: Native Speakers of a foreign language must consult the Languages, Linguistics, and Comparative Literature Department regarding this requirement.

NOTE: Honors Seminars SHALL BE ACCEPTED AS MEETING THE GORDON RULE WRITING REQUIREMENT. See the University Advising Services Office for details.

MAJOR COURSES, COLLEGE REQUIREMENTS and ELECTIVES

ARTS AND LETTERS (12 credits, 4 courses)
Majors are required to complete 12 credit hours in elective courses at the 3000/4000 level within the College of Arts and Letters, excluding courses from the major within the School of Communication and Multimedia Studies.

NOTE: See catalog for specific requirements, course descriptions, & additional information. The requirements for some Intellectual Foundations Program courses and other courses may be satisfied by passing the appropriate AP or CLEP exam. Check with your advisor or college.

Students majoring within the School of Communication and Multimedia Studies must meet all University and Dorothy F. Schmidt College requirements. These include satisfactory completion of a total of 120 semester credits. Students must receive at least a “C” in each course in their major. This does not apply to Free Electives. No major course can be taken pass/fail. Minimum G.P.A. requirements apply to the School's majors. Consult with your academic advisor, college, and/or department for the most current G.P.A. requirements.

Students follow the requirements for the year they enter into the program. This may be different from the year they enter the University.

Students in the pre-majors must satisfy the following requirements in order to obtain admission to the major:

1. Complete the Pre-Communication Studies or Pre-Multimedia Studies foundation coursework with a minimum grade of “C” in each course.
2. Multimedia Journalism Sequence students must pass the spelling, grammar, and punctuation test offered at the University Test Center. (Students in the other sequences do not need to take this test.)
3. Complete the IFP including ENC 1101 & 1102.
4. Have a minimum overall GPA of 2.0 at the time of application to the major.
5. When the above requirements have been met, see the School of Communication and Multimedia Studies advisor to change from a pre-major to a major.

Pre-Multimedia Studies:
SEQUENCE IN FILM, VIDEO, & NEW MEDIA (38-39 credits minimum)

The Sequence in Film, Video and New Media is a comprehensive curriculum that includes courses in film studies, television studies, video production, computer animation, and studies and practices in multimedia, interactive media, and new technologies. The goal is to help the undergraduate understand the study and creation of visual media within the larger contexts of human visual and verbal expression, and to shape students into sophisticated readers and producers of visual culture. Courses consider both mainstream and alternative media, and include industrial and artistic approaches, linking production techniques and aesthetics to industry, history and politics.

Pre-Multimedia Studies:
SEQUENCE IN MULTIMEDIA JOURNALISM (38 credits minimum)

The Multimedia Journalism Sequence prepares students to work in the new media convergence environment where competition, deregulation, and digital technology break down the barriers among print, radio, television, and the Internet. Students are expected to develop strong basic writing and analytical skills and then to become adept at writing and producing for multiple media platforms simultaneously, exhibiting the versatility necessary to succeed in a quickly evolving and growing media market. The goals of the Multimedia Journalism Sequence are to provide a broad liberal arts education as well as developing professional skills so the graduates are able to fully exercise the civic responsibilities of journalists for the lively functioning of democratic institutions. In addition, students will choose an emphasis in another discipline that will help them fulfill the important role of information provider in today's global, technological, and information-based society.

Pre-Communication Studies (36 credits minimum)

The B.A. in Communication Studies is a problem-focused program that emphasizes contemporary cultural concerns while situating these within the broader historical context of communication and cultural theory. The purpose of the degree is to provide students with the awareness, knowledge, motivation and skills to develop communication strategies to address the problems of a global society, and the emphasis is on all forms of civic engagement. The program examines the strategic role that symbol systems play in constructing meaning in a fast-changing, information-based, media-saturated and culturally diverse world. Courses examine how meaning informs and persuades individuals, and introduce students to the history and theories of how communication operates in societies. The goal is for students to demonstrate a high level of oral and written communication, critical thinking and analytical problem-solving skills, and to become active in civic life.
