RE: Prerequisite changes for GLY courses

We have been advised to reword some of our prerequisite listings to deal with some banner inconsistencies which are letting students into some of our undergrad GLY courses without the proper preparation.

Attached are course change request forms to clean up the prerequisites for

GLY 4200C Mineralogy and Crystal Chemistry
GLY 4750C Field Methods
GLY 4451 Solid Earth Geophysics
GLY 4310 Petrology of Igneous and Metamorphic Rocks
GLY 4241 Environmental Geochemistry
GLY 5243 Environmental Geochemistry (grad version)
GLY 4500C Sedimentation and Stratigraphy
GLY 3603C Paleontology
