Time Frame represents the maximum number of FAU attempted credits for which a student is eligible to receive financial aid. For each student, the Time Frame maximum is computed individually according to the following formula:

(Published Program Length minus Transfer Credits) x 150%

It is the Florida Atlantic University Office of Student Financial Aid policy that students will be ineligible to receive financial aid funding for credits attempted beyond the Time Frame maximum. No additional allowances will be made for students who change majors or have excessive transfer credits. Time frame for doctoral students will be established on an individual basis depending on their degree requirements.

A student may appeal the cancellation of their financial aid eligibility resulting from the attempted credits at FAU exceeding the Time Frame policy maximum by submitting this form along with any additional documentation of mitigating circumstances. In some cases, Time Frame maximum can be extended.

REQUIRED DOCUMENTATION:

- Signed statement from student explaining circumstances.
- Copy of academic transcript.

THIS FORM WILL NOT BE CONSIDERED UNLESS THE REVERSE SIDE OF THIS FORM IS COMPLETED BY AN ACADEMIC ADVISOR IN YOUR DEGREE AWARDING COLLEGE.
