**REMEMBER** – you must complete a Transient Form each semester you take courses at Palm Beach State College.

**NOTE:** (CE) ARC 1701 History of Architecture will count as a course in the Creative Expression Category.

### ELECTIVES: 32 credits of Upper Division Courses

- **NOTE:** This five year program (159 minimum credit hours) is designed for students beginning their freshman year at FAU or transfer with fewer than 30 credit hours who enter having met all FAU admission requirements. In consultation with an advisor, you may choose slight variations on this plan that also meet prerequisites, Gordon Rule, General Education, and degree requirements.

- Dual enrollment will require that the student apply and register at the state college while completing the general education courses at FAU. The student should consult with an academic advisor at FAU prior to each semester of dual enrollment in order to complete a transient student form which lets FAU and the state college know what courses the student is taking for dual enrollment. Students should also consult with the state college regarding the appropriate progression of courses for architecture.

- **NOTE:** See the catalog for specific requirements, course descriptions, and additional information. The requirements for some core curriculum & other courses may be satisfied by passing the appropriate AP or CLEP exam. Check with your advisor and college.
