

COME STUDY IN **FRANCE** THIS SUMMER!

(SUMMER B: JULY 9 - AUGUST 10 2007)

FIVE WEEKS OF ART, CULTURE, AND LITERATURE
IN THE HEART OF SOUTHERN FRANCE

- See where Cro-Magnon man (*Homo s. sapiens*) was first discovered!
- See a preserved Roman town and a walled medieval city!
- See fabulous cathedrals along the medieval pilgrimage routes!
- See the landscape that inspired Van Gogh!

Program base: Alès, France (Ecole des Mines d'Alès)

Weekend trip: Les Eyzies de Tayac (prehistoric caves)

Day trips: Nîmes (Amphitheater, Maison Carrée, Pont du Gard), Orange (Theater), Avignon (Palais des Papes), Carcassonne (medieval city), Arles (Saint Tropheme pilgrimage church, Van Gogh sites, Montmajour monastery), Glanum (ancient Roman city)

Program cost: \$3,964 (estimated). Includes tuition, lodging, group travel, some meals in France while on program, and university administrative and insurance fees. Does not include travel to and from the program base, local meal plan, and incidentals.

Courses: All students will take 4 credits of Art History and 4 credits of French language and culture while on the program. Each student will be placed in an appropriate French course depending on her or his level of proficiency (beginning, intermediate, or advanced). Please note: All students are strongly encouraged, but not absolutely required, to take at least one semester of college French before participating in the program. Intensive French (a course covering one year of college French in six weeks) will be offered in Summer A; for those without any previous experience in French, this is a perfect way to get ready for study abroad in France. All students must take the introductory Art Appreciation course (ARH 2000) in advance or obtain permission from the instructor.
