## Public Ethics and Leadership Certificate Program

By enrolling in the Leadership and Ethics Certificate, you will gain:

- Leadership skills to develop effective solutions to problems
- Enhanced capacities in leadership and management
- Improved understanding of ethical conflicts and deliberative approaches
- New networks of colleagues across the South Florida region

Students may enroll in this 12-credit professional graduate certificate program while pursuing a graduate degree at FAU or it can be a stepping stone to the Master of Public Administration (MPA) degree.

For admission to this certificate program, students should have a B average (3.0) at the graduate level or an overall undergraduate GPA of 3.0. Students not matriculating at FAU should complete a non-degree-seeking student application through the FAU Registrar's Office.

Earning this certificate requires the completion of two required courses and two elective courses with a grade of "B" or better:

**Required:**

- Public Leadership
- Ethical and Legal Foundations in the Public Sector

**Elective:**

Your choice from over 8 MPA courses such as Public Budgeting and Finance or Human Resource Management in the Public Sector

**Students who complete this certificate may choose to then enroll in the full MPA program, with these courses counting toward that degree.**
