INTEGRITY IN THE DIGITAL AGE

ENVISIONING THE HUMAN FUTURE IN THE AGE OF ALGORITHMS

TUES, SEPTEMBER 22, 4 PM | ZOOM

Register in advance for this meeting: tinyurl.com/DigitalAgeIntegrity

Behind all the jazzy apps and videogames, algorithms are altering our minds, shaping our politics, and collecting our data. At the same time, AI is increasingly outthinking humans in various domains. What will the future bring? And how can our technological innovations be harnessed to make us better, more ethical people, who lead happier lives?

Recommended: View *The Social Dilemma* on Netflix before the talk.

Susan Schneider, Ph.D.,
William F. Dietrich Distinguished Professor of Philosophy
Founding Director, Center for the Future Mind
