**SUBJECT: APPROVAL OF THE PROPOSED CONSTITUTION FOR THE STUDENT GOVERNMENT ASSOCIATION**

---

**PROPOSED BOARD ACTION**

The Administration requests the Board of Trustees approve the new constitution for the Student Government Association for Florida Atlantic University (Attachment A). This document will replace the current constitution.

**BACKGROUND INFORMATION**

During the past five months the Division of Student Affairs has worked closely with members of our student body and Student Government leaders to rewrite the Student Government constitution. Over the past several years, the constitution has evolved without a coordinated review by the general student body. For this reason, the Division of Student Affairs developed a multi-step initiative that began in October to review and rewrite the existing constitution.

The initial step in the process provided an opportunity for students to meet with an external student government consultant to review the current constitution and provide guidance for the rewriting process. The consultant visited with students on each campus from October 8-13.

The second phase of this process provided an opportunity for all students to participate in two constitutional conventions. A new draft of the constitution was created by students during this process.

- The proposed constitution has been posted on the FAU website since January 25, 2007.
- Students had additional opportunities to participate and to give feedback on the constitution at town hall meetings that were held on the Port St. Lucie, Davie, and Boca Raton campuses from January 30 – February 7, 2007.
- The student body voted for ratification of this constitution in online elections that took place Monday, February 12 and Tuesday, February 13, 2007 (Attachment B).

Highlights of the new Student Government Constitution:

1. The student body President, Vice President and Governor on each campus must have and maintain a minimum grade point average of 2.5.
2. The President, Vice President and Governor on each campus must be enrolled in nine hours if they are undergraduate students and six hours if they are graduate students.
3. The length of the constitution has been shortened from 28 pages (Attachment C) to 13.
4. The University-Wide Council and the President's Administrative Cabinet have been eliminated.
5. The University-Wide controller position has been eliminated and replaced with treasurers on each campus supported by a Student Affairs professional employee.

**IMPLEMENTATION PLAN/DATE**

The new constitution will be implemented and effective upon approval by the Board of Trustees. Once the new Student Government Constitution is adopted, student task forces will meet to rewrite the statutes that govern the day-to-day functions of Student Government.

The election of the student body President, Vice President and the four campus Governors will be held on Tuesday, March 27 and Wednesday, March 28, 2007.

**FISCAL IMPLICATIONS**

There are no fiscal implications to this proposed board action.
