Theme: Experience FAU: The 2007 State of Florida Legislative Session provides another opportunity for Florida Atlantic University to showcase all of the exciting things on going at the university. In recent years during FAU Days our display day gave us the opportunity to showcase our colleges and campuses. This year we would like to give the public the opportunity to “Experience FAU” through our colleges and campuses through hands on

interaction. Picture blood pressure stations ran by the College of Nursing; Mini concert performed by College of Arts and Letters; and actual architect models displayed by College of Architecture, Urban & Public Affairs. These are just a few examples of what we envision this year.

IMPLEMENTATION PLAN/DATE

When: Monday March 5th through Wednesday, March 7th

Where: Tallahassee, FL

FISCAL IMPLICATIONS
