THE EDUCATIONAL AND GENERAL BUDGET

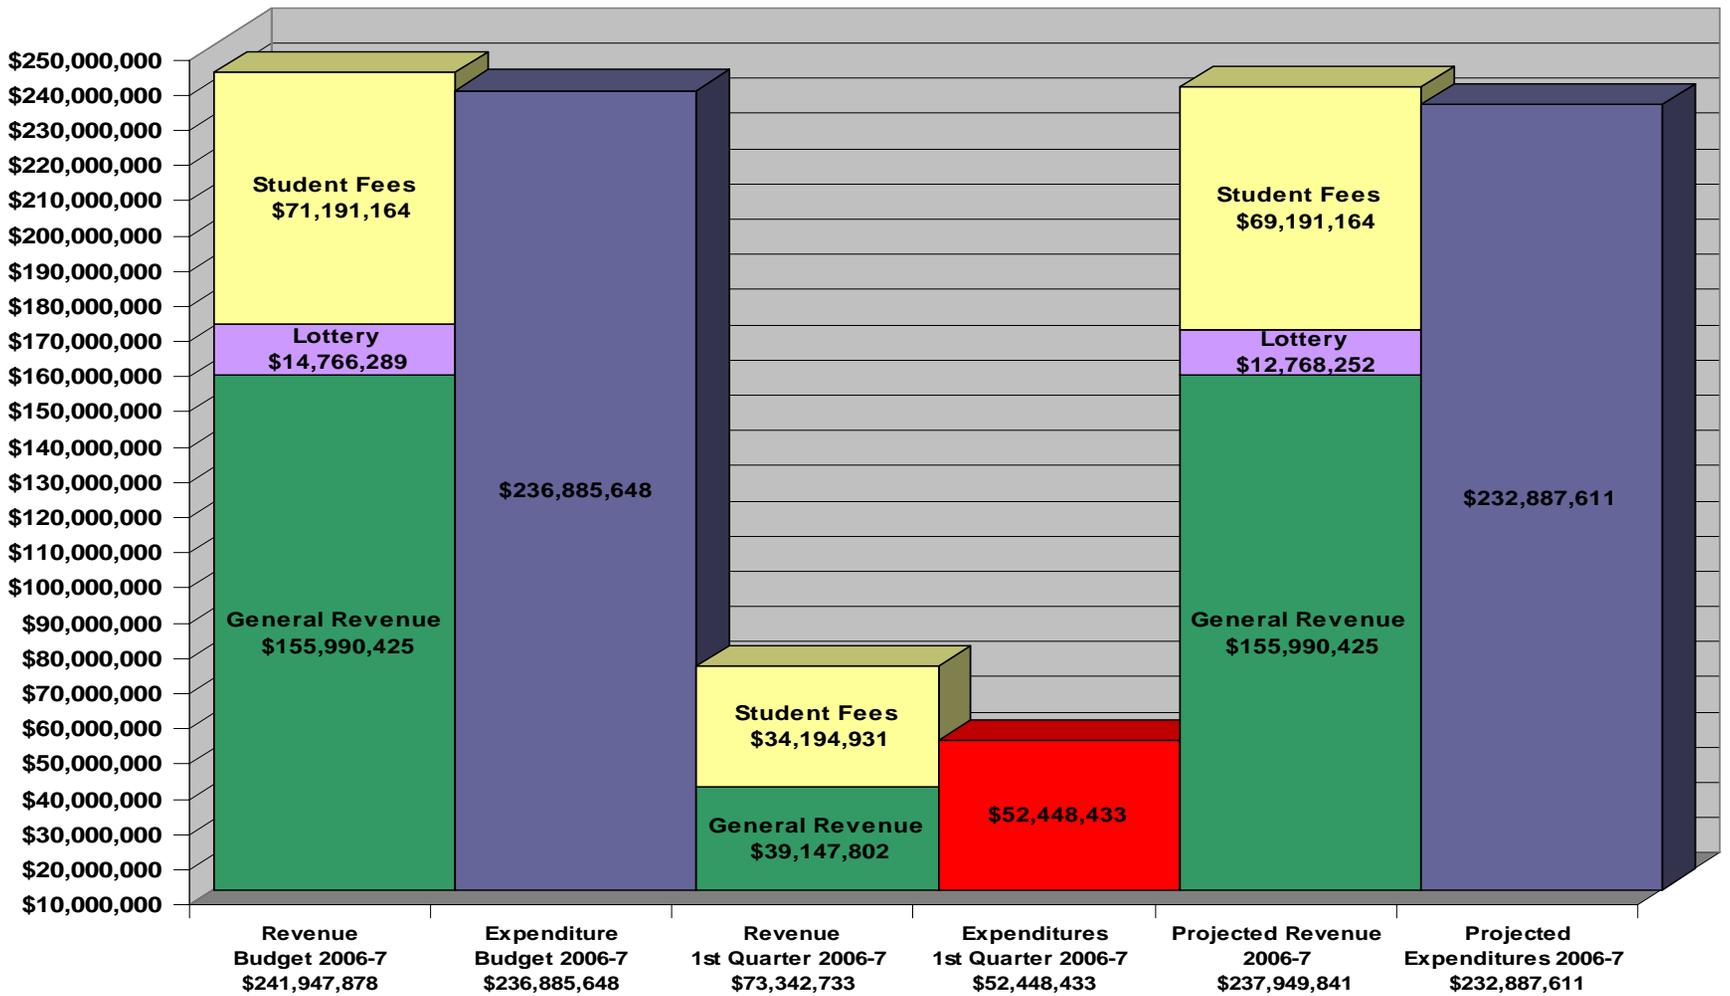

The Educational and General budget includes expenditures for instruction, research, library and learning resources, student services, plant operations and maintenance and administrative support. The budget is funded by:

General Revenue, consisting primarily of State of Florida sales tax collections and corporate income tax collections, as well as license fees and other taxes and operating receipts.

Education Enhancement Trust Fund, consisting of collections from the sale of Florida lottery tickets. At least 38 percent of total lottery collections is dedicated to the trust fund.

Student Fee Trust Fund, consisting primarily of matriculation fees and tuition (out-of-state fees) paid by students, as well as other fees such as application and late registration fees.

Florida Atlantic University Educational and General Operating Budget July 1, 2006 – September 30, 2006 First Quarter Report

Educational and General Operating Budget

July 1, 2006 to September 30, 2006

Budgeted Revenues 2006-07: \$241,947,878 Actual Revenues to September 30: \$73,342,733

Budgeted Expenses 2006-07: \$236,889,648 Actual Expenses to September 30: \$52,448,433

The total budgeted revenue for 2006-2007 is \$241,947,878. The major revenue components are general revenue (\$155,990,425), student fees (\$71,191,164), and lottery funding (\$14,766,289). Included in the initial budgeted revenue and expenses is \$1,998,037, which has been transferred to the FAU Foundation, Inc. as part of the Challenge Grant Program. Consistent with BOG budget directions, the revenues and expenses have been adjusted downward by the \$1,998,037 Challenge Grant transfer to the Foundation.

For the first quarter, actual revenue collections are general revenue of \$39,147,802, student fees of \$34,194,931 and lottery funding of \$0, for total revenue of \$73,342,733.

The total expense budget 2006-2007 is \$236,885,648. This amount reflects \$5,062,230 in student fee budget authority held in unallocated reserve. This is not a cash reserve but authority to spend if cash is received.

Total expenditures through September 30 were \$52,448,433, or approximately 23 percent of the total projected budget amount. Total expenditures are slightly above the spending rate of the previous year – 23 percent compared to 21 percent in 2005-06. This is primarily due to increases in expense items, particularly utilities, insurance, and student financial aid support.

Educational and General Operating Budget

Analysis:

General revenue collections are projected to reach their targeted amounts. Due to high documentary stamp tax and sales tax collections, revenue collections for the State continue to be strong. With low unemployment, continuing economic strength, and increased business and consumer spending, total revenues for the State should continue to be strong. The revised State revenue estimating conference of April 12, 2006 projects an additional \$532.6 million in revenue for 2006-07, which represents a slightly slower growth rate over the past year. This slow-down is largely attributed to dampened real estate activity. The next estimating conference for General Revenue is scheduled for November 14, 2006.

Student fee collections and enrollments are weak and are being carefully monitored. Based on summer final, fall preliminary and spring estimated enrollments, overall targets will not be achieved. Student fee collections were based upon a growth rate of approximately three percent over the prior year. Summer enrollments were up approximately one percent and Fall enrollments were down overall .2 percent compared to the same time in 2005-06. Fall 2006 headcount is 25,750 vs. 26,095 in 2005. Lower community college transfers, higher admissions standards, and the continuing strong economy contribute to this reduction. Out-of-state enrollments continue to be weak at FAU and system-wide. Advance registration for spring semester begins November 8 and will be compared to spring estimates. Currently, a shortfall of \$2 million is anticipated.

Lottery revenue is projected to be fully achieved, with the February 27, 2006 estimating conference adding \$8.4 million in 2006-2007.

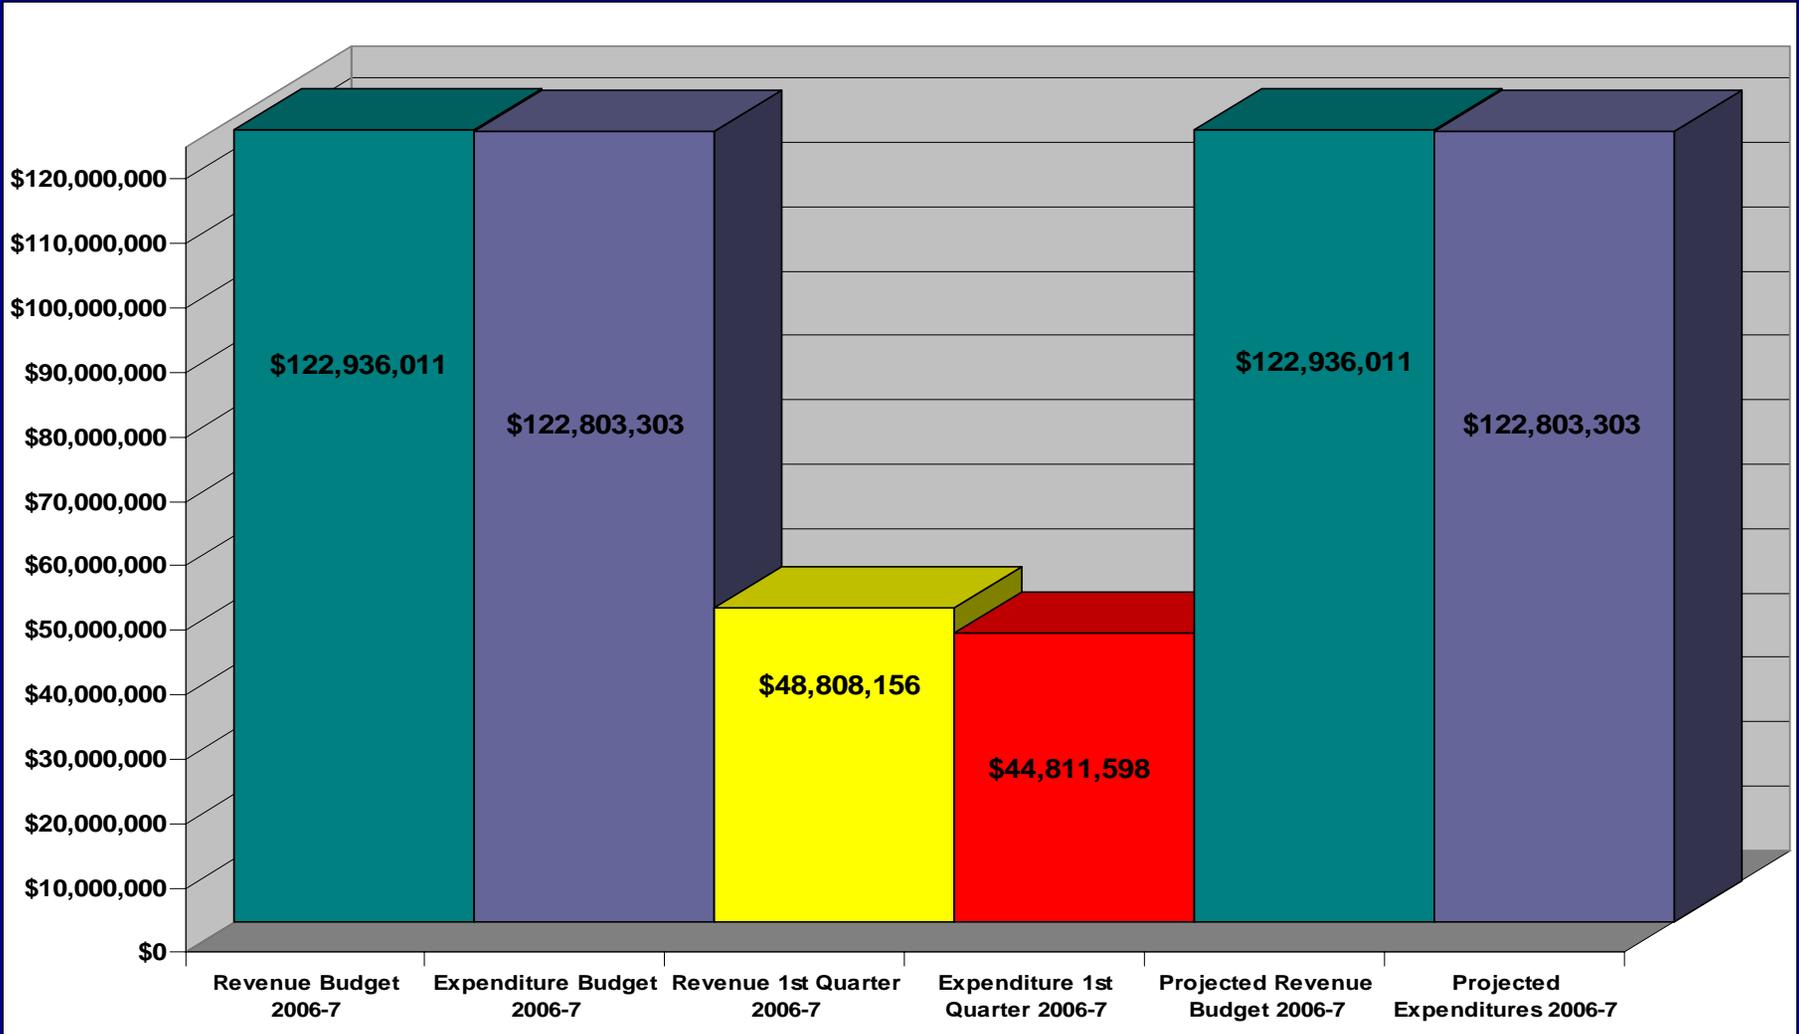

THE STUDENT FINANCIAL AID BUDGET

The Student Financial Aid budget largely represents scholarship and loan funds that are received by the University and subsequently disbursed to students. Included in the budget are funding from student financial aid fees as well as financial aid support from all sources such as federal financial aid awards (Pell, Student Educational Opportunity Grants, Perkins Loans, Stafford Loans), state financial aid awards (Bright Futures, Florida Assistance Grants), Institutional Programs (Presidential Awards, MLK Scholarships) and Private Scholarships (FAU Foundation).

Student financial aid fees are established by the legislature. Current per-credit hour financial aid fees for 2006-07:

\$ 3.68	Undergraduate In-State
\$24.41	Undergraduate Out-of-State
\$10.02	Graduate In-State
\$41.89	Graduate Out-of-State

Florida Atlantic University Student Financial Aid Operating Budget July 1, 2006 – September 30, 2006 First Quarter Report

Student Financial Aid Operating Budget

July 1, 2006 to September 30, 2006

Budgeted Revenues 2006-07: \$122,936,011 Actual Revenues to September 30: \$48,808,156

Budgeted Expenses 2006-07: \$122,803,303 Actual Expenses to September 30: \$44,811,598

The total budgeted revenue for 2006-2007 is \$122,936,011. As of September 30, 2006, \$48,808,156 in revenue has been generated, or approximately 40 percent the total revenue budget. Total projected expenditures for the year are \$122,803,303. As of September 30, 2006, \$44,811,598 has been expended, or approximately 36 percent of total projected expenditures for the year.

Analysis:

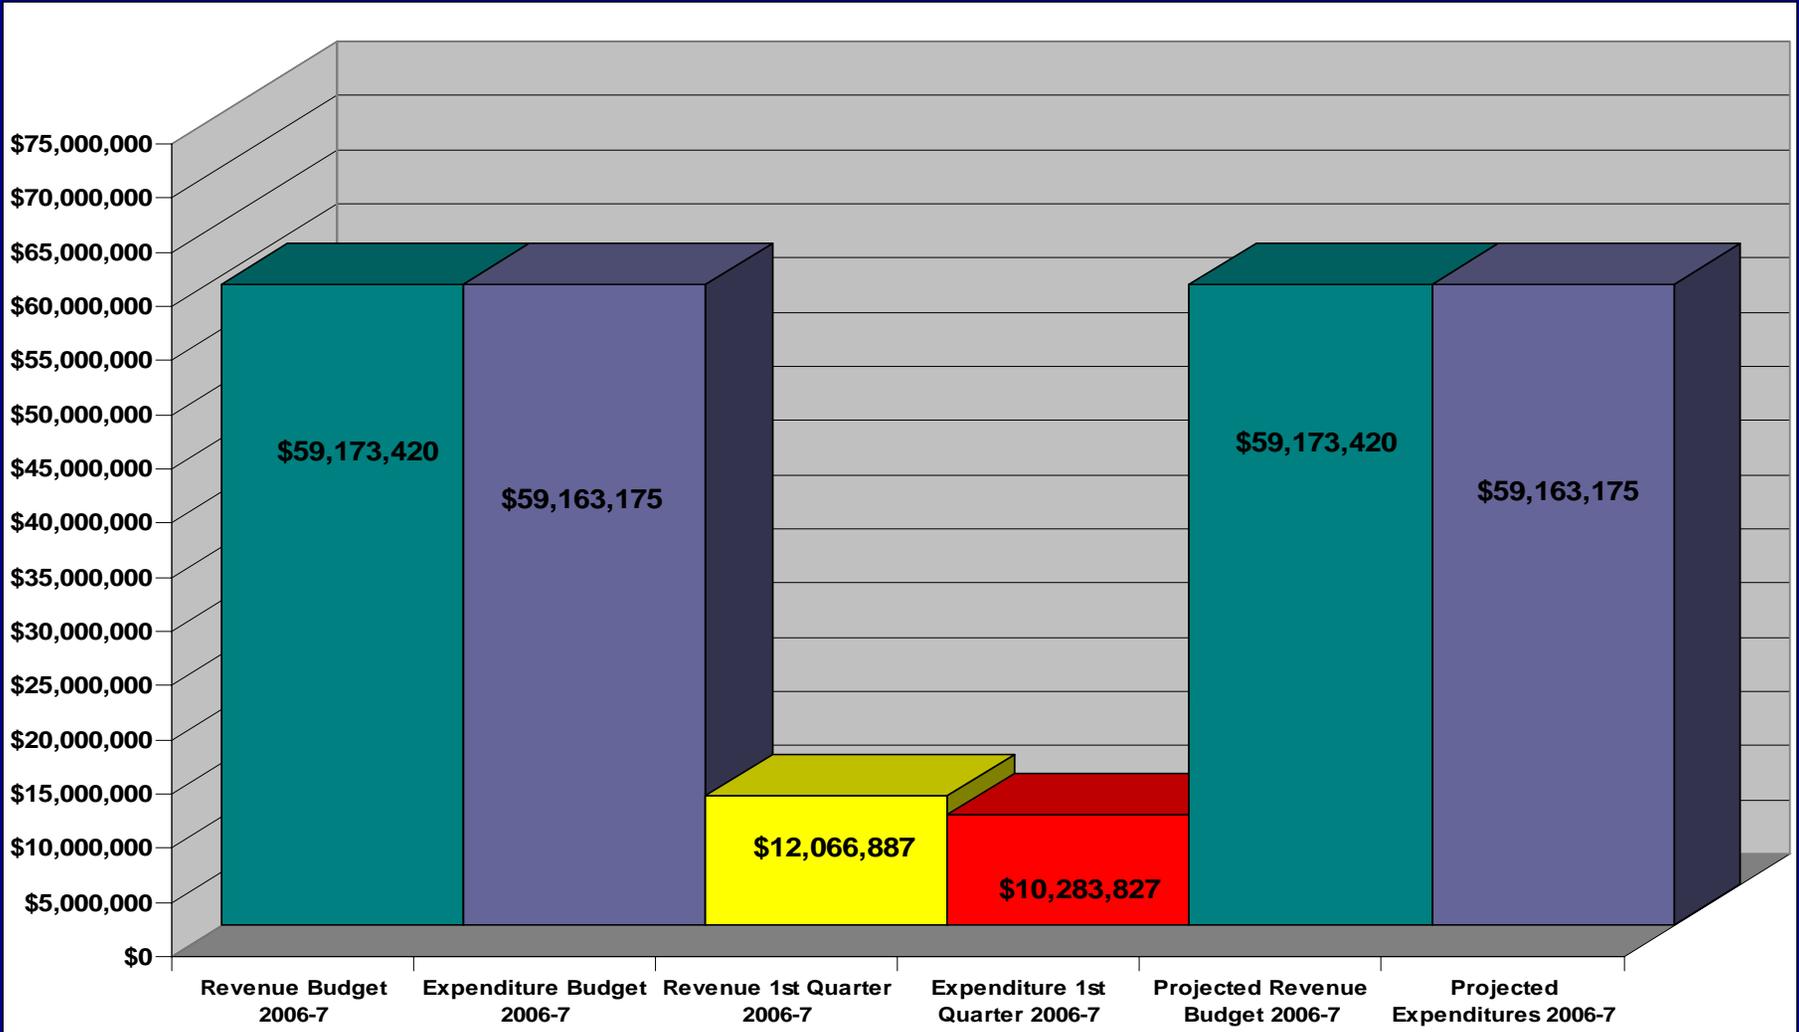

The amount of expenditures to date for 2006-07 are slightly less than the percentage spent in the prior year (36 percent for 2006-07 compared to 37 percent for 2005-06). Revenue and expenditures are believed to be on target with projections.

THE GRANTS AND CONTRACTS BUDGET

The Grants and Contracts budget consists of funding from federal agencies, state agencies, foundations and private sources that enables the University to conduct specific research projects or to provide specific services.

Expenditures for the Division of Sponsored Research, the A.D. Henderson University School and the Florida Atlantic University Foundation (payroll and clearing account) are included in the Grants & Contracts budget.

Florida Atlantic University Grants and Contracts Operating Budget July 1, 2006 – September 30, 2006 First Quarter Report

Grants and Contracts Operating Budget

July 1, 2006 to September 30, 2006

Budgeted Revenues 2006-07: \$59,173,420 Actual Revenues to September 30: \$12,066,887

Budgeted Expenses 2006-07: \$59,163,175 Actual Expenses to September 30: \$10,283,827

The total budgeted revenue for 2006-2007 is \$59,173,420 and budgeted expenses are \$59,163,175. Total budgeted expenditures are comprised of Sponsored Research (\$49,098,755), FAU Foundation, Inc (\$5,954,753) and A. D. Henderson University School (\$4,118,667). As of September 30, 2006, \$12,066,887 in revenue has been generated, approximately 20 percent of the budgeted amount. \$10,283,827 has been expended, or approximately 18 percent of the total expenditure budget.

Of total expenditures to date, salaries and benefits total \$5,144,872 (50 percent of total expenditures); OPS of \$2,269,772 (22 percent); and expense of \$2,869,183 (28 percent).

Analysis:

Total expenditures to date are below last year's by \$1,912,448, approximately 16 percent. First quarter revenues are down \$759,500 over last year, a decrease of 6 percent. The Division of Research assists faculty and graduate students with the submission of hundreds of grant applications; however, not every grant application culminates in an award. FAU has had a steady increase in grant submissions and this has led to an increase in both revenues and expenditures. Revenue is not earned evenly over the course of the fiscal year. For example, two of the primary sources of award funds, National Institute of Health and National Science Foundation, make their award announcements in November and April. Furthermore, some expenditures will precede the collection of offsetting revenues.

THE AUXILIARY ENTERPRISES BUDGET

The Auxiliary Enterprises budget includes activities that support the instructional, research and service objectives of the University. Auxiliary enterprise operations are self-supporting and must generate adequate revenue to cover expenditures and to allow for future renovations and building or equipment replacement. Some auxiliaries are partially funded by student fees, including Student Health Center through the student health fee (\$5.00 per-credit hour) and Traffic and Parking through the transportation access fee.

The major auxiliary areas are:

Food Service

Housing

Bookstore

Printing/Duplicating

Telecommunications

University Theatre

Postal Services

Student Health Center

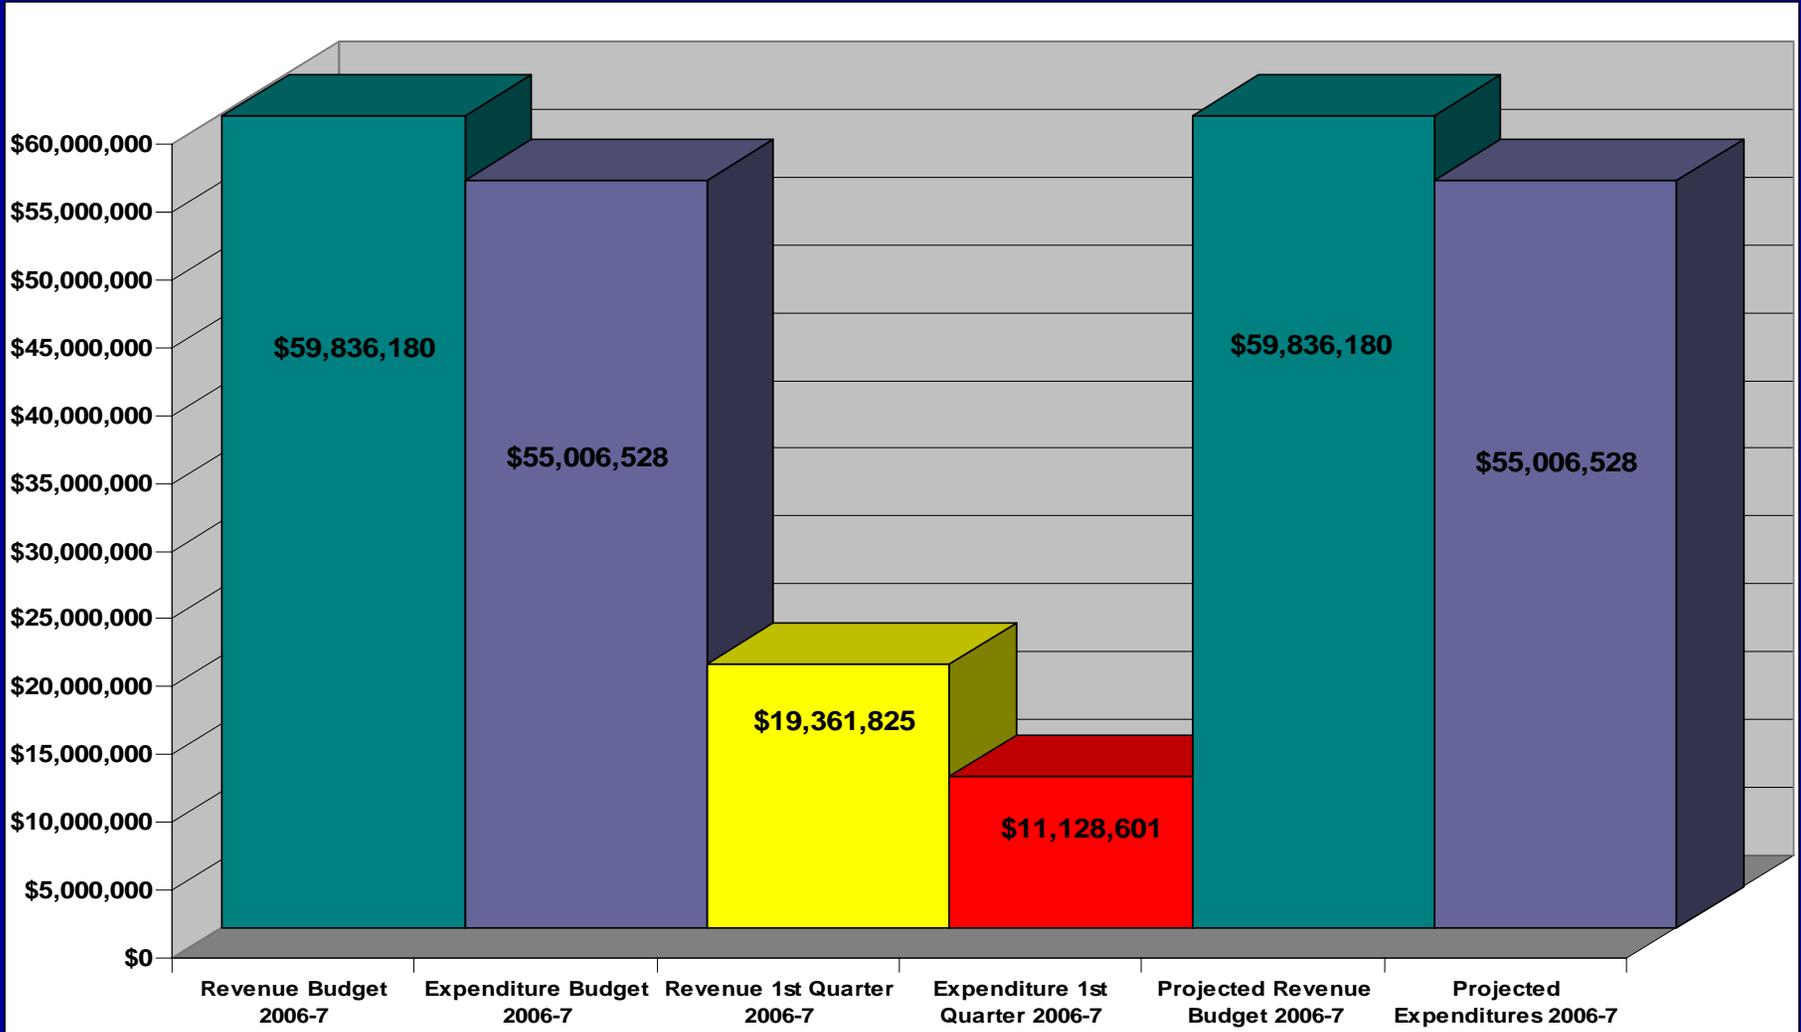

Traffic and Parking

University Center

College Continuing Education

Lifelong Learning Society

THE ATHLETICS LOCAL OPERATING BUDGET

The Athletics Local Operating Budget supports the University's student athletics program. Funding is generated from student athletics fees (\$13.75 per-credit hour) as well as ticket sales to athletics events, game guarantees, NCAA distributions, sponsorships and private support.

In addition to the Local Operating Budget, FAU Athletics receives \$246,000 in State Educational and General Title IX Gender Equity funding and \$1,077,815 in out-of-state waiver authority and financial aid.

Athletics Local Operating Budget

July 1, 2006 to September 30, 2006

Analysis:

Athletic fee collections are projected to reach their targeted amounts and these are being closely monitored. Athletics fees were conservatively estimated at only \$73,000 above last year's projections, reflecting the annualization of last year's \$2.00 increase per credit hour on summer enrollments.

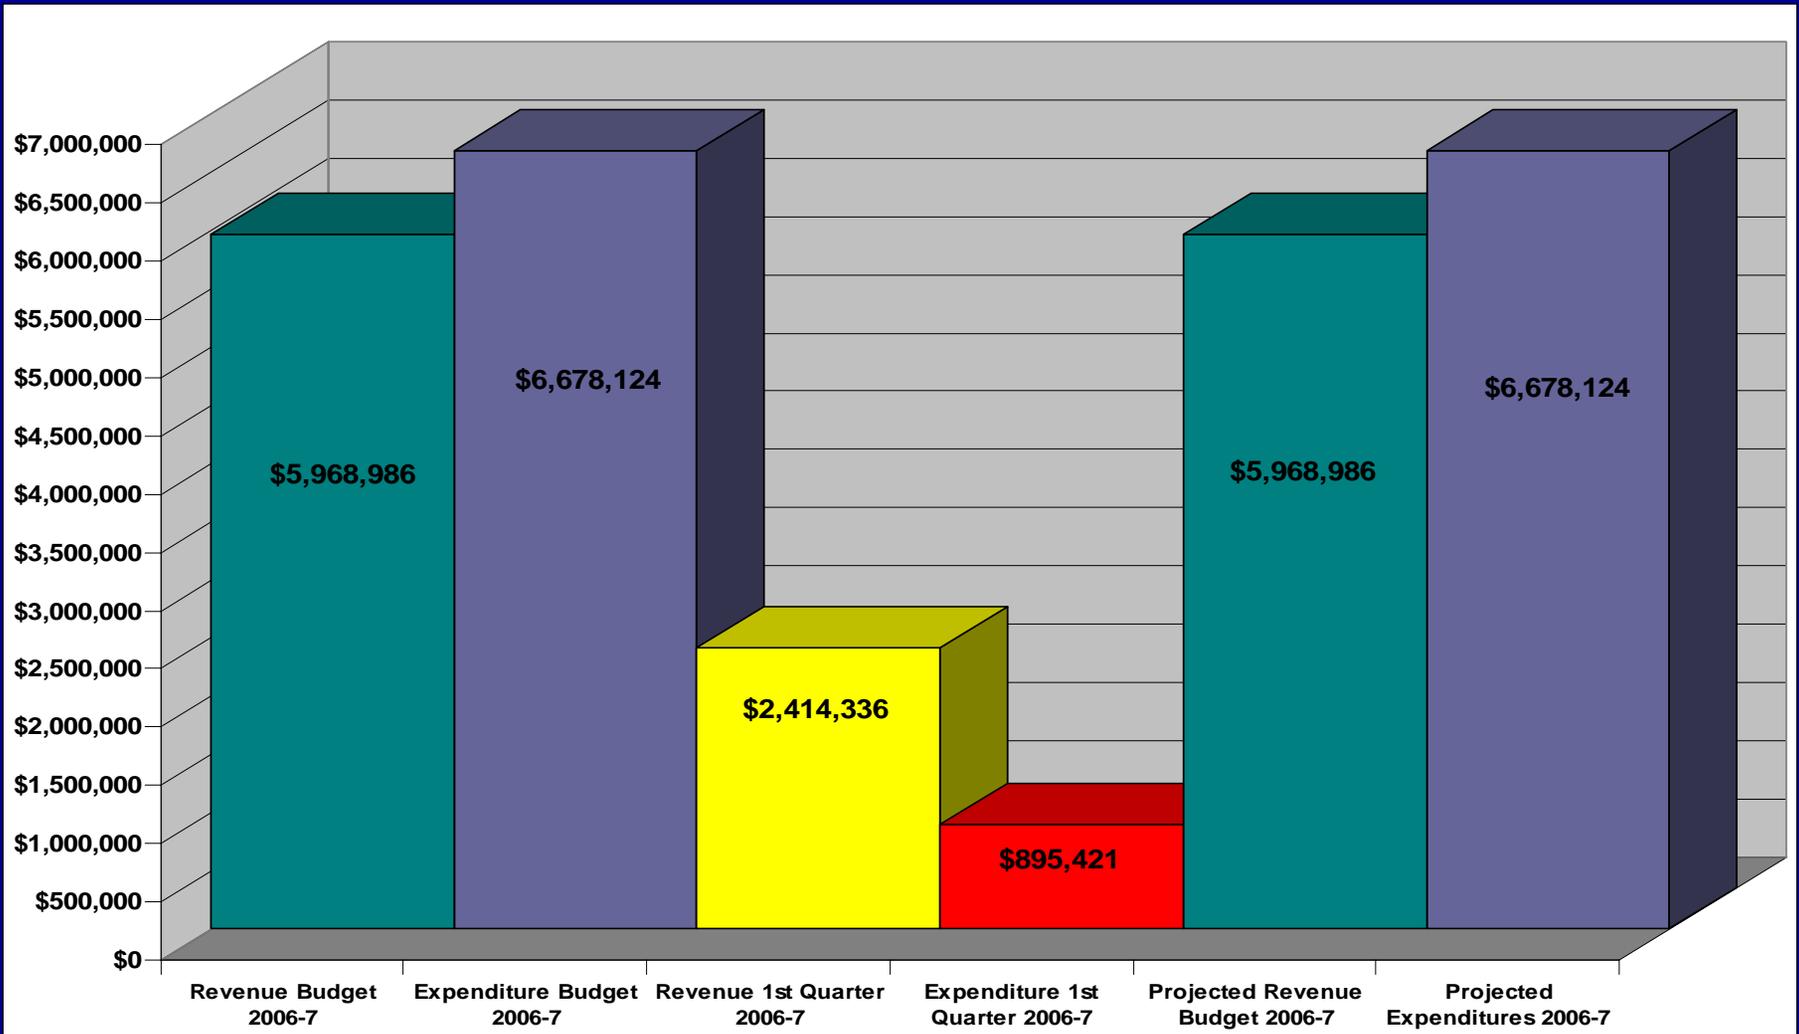

Ticket revenues are in-line with projections (\$150,480 in total; \$92,819 in advanced purchases occurring in 2005-06 are reflected in the available cash balance). Development revenues and Game guarantees revenues are expected to be achieved. Corporate sales (sponsorships) are below projections at this time and are being closely monitored. Currently we are working with a new national corporate sponsorship company.

Regular meetings are taking place to monitor revenues and expenditures of Athletics.

THE STUDENT GOVERNMENT- STUDENT ACTIVITIES BUDGET

The Student Government-Student Activities budget supports student activities such as student government and student clubs and organizations. Also included in the budget are expenditures for the University Center and campus recreation and student wellness activities. The Student Government budget is funded primarily through the Activity and Service fee paid by students (\$10 per-credit hour) as well as other types of service fees.
