President Kelly opened by saying we are expanding the FAU High School to an additional location, which will be on FAU’s Jupiter campus. The name of the new branch will be the Florida Atlantic University Max Planck Academy.

Dr. Kelly introduced Dr. Joel Herbst, who explained the expansion further. Dr. Herbst said this was a landmark day in education. This leverages a public-private partnership with a world-renowned institute. Students will be able to receive a world-class education with scientists doing cutting-edge research. It will tremendously expand FAU High’s ability to recruit top caliber students, which in turn should aid FAU’s student recruitment efforts.

Trustee Dennis asked if Max Planck was making a financial commitment. President Kelly answered that there was no financial commitment outside of the time they are providing with their faculty and use of laboratory facilities.
