SUBJECT: ANNUAL REVIEW OF ACADEMIC DEGREE PROGRAM LIST

PROPOSED BOARD ACTION

Information only.

BACKGROUND INFORMATION

In March 2024, the Board of Governors (BOG) amended BOG Regulation 8.011 Authorization of New Academic Degree Programs and Other Curricular Offerings. The revision disentangles new degree program planning from the annual Accountability Plan process. Universities are now able to submit annual lists of anticipated new degree programs to the BOG instead of reporting an exhaustive list of all potential new academic degree programs multiple years in advance. The new process empowers institutions to be nimbler and more responsive to quickly evolving workforce demands. Regulation 8.011 requires each University's Board of Trustees to review its institutional submission prior to submission. The BOG notes that this is an informational item and does not require a vote.

IMPLEMENTATION PLAN/DATE

The BOG staff stipulates that any updates to the anticipated new academic program list must be presented to each institution's Board of Trustees prior to submission.

FISCAL IMPLICATIONS

Each degree program still requires subsequent planning, vetting, and approval. Inclusion on this list does not represent an obligation by the University, financial or otherwise, to launch any of the noted new academic degree programs.

Instructions:

Please use the table below to report the new academic degree program proposals the university plans to submit to the Board of Governors' office in the 2025-2026 Academic Year. Your institution's board of trustees must have reviewed this list prior to submission to the Board office. Please submit the completed table via the Information Request System by **June 30, 2025**.

*If a program was on a previous list that was submitted to the board of trustees, but the program proposal was not submitted to the Board office, please include the program on this list and indicate the appropriate date it was submitted to the board of trustees.
