

FLORIDA ATLANTIC UNIVERSITY

Board of Trustees

Item: AS: A-1

Tuesday, June 10, 2025

SUBJECT: APPROVAL OF FAU'S FALL 2026 GENERAL EDUCATION CURRICULUM

PROPOSED BOARD ACTION

Approval of Florida Atlantic University's revised general education curriculum and course options, which will be effective in Fall 2026.

BACKGROUND INFORMATION

The State of Florida enacted Senate Bill 266 in May 2023, which established widespread changes to higher education throughout the state, including general education standards and subject areas at all public universities and state colleges. Upon its authorization, Sections 1007.25 and 1007.55 of Florida Statutes established that the Board of Governors (BOG) would revise Regulation 8.005 General Education Course Options, including core course options and new standards, which occurred following recommendations from the state's Articulation Coordinating Committee (ACC) in October 2023 and full BOG approval in January 2024.

After a thorough review process at the University level, and following an iterative process relying on feedback from members of the staff at both the BOG and the Florida Department of Education's Office of K-20 Articulation, the BOG approved all State University System (SUS) institutional general education courses lists at its meeting on January 30, 2025. The University has reported to the state's Office of K-20 Articulation all changes to description and outcomes in the Statewide Course Numbering System. Accordingly, Florida Atlantic University has now revised its general education program effective Fall 2025. Per Regulation 8.005, the review is now an annual process.

For the Fall 2026 cycle, FAU proposes the following minor adjustments to the BOG-approved FAU general education program, as detailed in the attachment:

- Eight of the courses are already *de facto* offered in the general education program at FAU. In these cases, the addition to the list is a technicality. The course number/name, course description, learning outcomes, and adopted textbooks are all the same that the BOG approved; the only difference is whether the course is labeled as an honors or non-honors version.

- Five of the courses are brand new to the University, with FAU faculty and administrators following standard shared governance processes to create courses that mirror BOG-approved courses from the Fall 2025 general education program at other SUS institutions. The names, course descriptions, learning outcomes, and adopted textbooks all match these existing courses.

Each year, Trustees and the President will review these course options and submit approval to the ACC by September and to the BOG by December each calendar year.

IMPLEMENTATION PLAN/DATE

Pending Board of Trustees and Board of Governors approval, the FAU Office of the Registrar will update the University Catalog and subsequently submit the changes to the Statewide Course Numbering System, listing the effective term as Fall 2026.

FISCAL IMPLICATIONS

The changes to general education will follow standard budgetary procedures, in which the Office of the Provost coordinates with impacted College Deans, the Dean of Undergraduate Studies, and their designees to monitor enrollment pipelines, changes in other state or university requirements, and trends in student demand to ensure general education instruction is adequately scheduled and funded.
