The following university officials participated: Dr. John Kelly, University President, Mr. David Kian, VP Legal Affairs and General Counsel and Mr. Andrew LaPlant, Board of Trustees Operations.

**Roll was taken and a quorum was present.**

**II. Chair's Report**

Chair Barbar opened by congratulating Vice Chair Moabery on becoming the first Owl to address the British Parliament. He spoke on Brexit and the impact on the aviation industry. Trustee McDonald spoke to the Indian River County Delegation and promoted FAU initiatives. Chair Barbar also thanked the board members who attended the Board of Governors (BOG) trustee summit in Gainesville.

Chair Barbar summarized the BOG's meetings since the BOT retreat. He thanked President Kelly and his team for a great Universities of Distinction proposal. Our proposal's main focus is artificial

intelligence. The proposal was approved. The great thing about the proposal is it came out of our strategic plan. Also at the most recent BOG meeting, trustee Dennis was appointed to another term and a new trustee was appointed starting in January 2020, Elycia Morris.

As we prepare for the 2020 legislative session, Chair Barbar thanked trustees Moabery, Rubin, Levine and Buchanan for coming to FAU Day in Tallahassee in October. Trustee Buchanan put together a great group of students to participate. Our students are the university's best asset. Chair Barbar gave a special thank you to Mary Lynn Magar for putting together the first Owl Caucus in Tallahassee. She is rallying other members of the house and senate to follow her lead and continue this tradition in the future.

The 20<sup>th</sup> anniversary groundbreaking event in Jupiter was well attended. It was top-notch and a wonderful celebration of our Jupiter campus. Chair Barbar gave special mention of Trustee Stilley. FAU would not have the facilities we have there today without his support. The growth and development in Jupiter is due in no small part to his leadership.

### **III. President's Report**

President Kelly opened by reporting that there is a lot of excitement about FAU. One of the ways the university has been able to boost revenue is through out of state students. The attraction of this university to out of state students is high.

FAU started two searches for enrollment management and VP, Student Affairs. Neither one of those searches yielded a candidate. Larry Faerman will continue his role as interim vice president for Student Affairs and Enrollment Management. The searches will start over in the fall.

Much has been said about our football coach search. We should know something in the next few days. President Kelly acknowledged Brian White's leadership and the direction he has taken athletics. He has done extremely well. FAU Athletics is continually going up in the Captain's Cup, which is a ranking of all the sports teams in Conference USA.

Thirty-five merit scholars are at FAU. That is a record number. FAU High has twenty-five national merit scholars.

Next week, FAU will have five graduation ceremonies. This week, the Baldwin House hosted three events for the holidays. The trustees will take a tour of the newly completed Schmidt Family Complex for Academic and Athletic Excellence after the meeting.

We are updating the university's facilities every day. The breezeway has been updated and the students are back to filling up the long stretch in the central part of campus. The student union is being renovated. The Schmidt Family Complex will redefine both academics and athletics at FAU.

President Kelly concluded by noting that Chair Barbar is heavily responsible for all that FAU has been able to do over the last five years. President Kelly could not have asked for better leadership. Thank you to Chair Barbar.

Trustee Moabery is going to have Brian White give a presentation on athletics in the early spring that will see FAU go from the bottom to the middle or tops in the rankings. Trustee Stilley observed that this is a beautiful campus. FAU is attracting students from all over the place. He commented on the success of expanding our neuroscience activity in Jupiter. chairmanship. Trustee Dorman has tremendous admiration for Chair Barbar. The amount of time he put in is extraordinary.

Chair Barbar ended by saying it has been one of his greatest honors to be appointed to the Board and elected as Chair. He wanted to challenge FAU on a couple of things. One, we have looked at so many departments and all are going up. How do you keep that going? It needs to be sustainable. Two, one of the things that makes the board stronger is that we are collegial with each other. We have to put aside personal differences and focus on FAU. He said he is a proud alum of the university. Please continue to encourage, ask questions, and support the new chair.
