**SUBJECT: APPROVAL OF THE FLORIDA ATLANTIC UNIVERSITY  
2027-28 FIVE YEAR CAPITAL IMPROVEMENT PLAN (FIXED  
CAPITAL OUTLAY BUDGET REQUEST)**

---

**PROPOSED ACTION**

Approval of the Florida Atlantic University 2027-28 Five Year Capital Improvement Plan - Fixed Capital Outlay Legislative Budget Request.

**BACKGROUND INFORMATION**

The Florida Board of Governors requires an annual submission from each university of its Fixed Capital Outlay Legislative Budget Request. The 2027-28 Fixed Capital Outlay Plan incorporates various projects for Florida Atlantic University. The submission is to identify projects to be funded in the following categories:

- Public Education Capital Outlay (PECO) Projects – CIP2A
- Back of Bill (BOB) Projects requiring Legislative Approval to be Constructed, Acquired and Financed by University or Direct Support Organization - CIP2B

Since the FY2027 Conference Bill has not yet been finalized and the final PECO appropriation amounts are not currently known, Florida Atlantic University requests authorization from the Board of Trustees to update the final appropriation figures for the Health Professions Building project following confirmation of the FY2027 PECO appropriation amount and prior to final submission to the Florida Board of Governors.

The BOG deadline for this year's submission is July 1, 2026.

**IMPLEMENTATION PLAN/DATE**

Upon Board approval and final Legislative appropriations.

## PECO Project Detail

University: FLORIDA ATLANTIC UNIVERSITY **Project Priority #: 1**  
 Project Name: HEALTH PROFESSIONS TRAINING & RESEARCH FACILITY (previously Health Sciences Training & Research Facility)  
 Project Address: FAU Boca Raton Campus - 777 Glades Road

### PROJECT NARRATIVE

Broward, Martin and Palm Beach County house 3.2 Million residents with the numbers growing daily. The migration to Florida has led to a critical shortage in health care professionals and in fact, Florida ranked #41 of all states in overall healthcare in 2020. Florida has an estimated shortage of 60,000 nurses currently. A shortage of 17,000 doctors is anticipated in the near future. The FAU Health Professionals Building will be focused on ensuring a pipeline for developing a health care workforce for our region, trained to address our changing environment of today and tomorrow.

This 150,000 gsf facility will blend experiential learning for trainees with patient engagement and patient-oriented research. All colleges at FAU, including nursing, medicine, engineering, science, education, business, social work and arts and letters, will be able to expand their ability to train the needed workforce in an interprofessional environment. Our regional partners in Palm Beach, Broward and Martin counties have expressed a willingness to partner in faculty and learner experiences, recruitment, and retention to ensure that we optimize the numbers and the depth and breadth of experiences of our health care professionals. Our joint academic endeavors will allow for the innovative solutions necessary to tackle the workforce crisis.

This facility will allow the colleges to expand their annual enrollment such that FAU could graduate over 300 nurses, 104 MDs, and 150 social workers a year. Resident training programs will expand to address the doctor shortage. Cross-disciplinary training in technology, engineering, business, and data science will ensure that the workforce of tomorrow has the necessary skills to serve the community's needs. Ultimately, this state-of-the-art facility will provide a workforce pipeline of health-related professionals for South Florida to allow for the data-driven delivery of healthcare the patients of our region deserve.

The project has been survey recommended as part of the 2026 Educational Plant Survey.
