# HOW TO FIND TEXTBOOK AND COURSE MATERIAL INFO

The guide below shows you how to use FAU's search tool to find your course's textbook/material info (e.g., title/author/ISBN/etc.), syllabus, and other details. Access the tool through the [FAU Registrar's website](#) or by [clicking on this link here](#). **Please note:** this tool works best when viewed through a desktop browser.

## PARTS OF THE TEXTBOOK AND COURSE MATERIAL SEARCH TOOL

The search tool has three main areas: **(1)** a set of initial filters, **(2)** the results table, and **(3)** other filters.

**FAU Textbooks and Instructional Materials**

How do I use this search...? Questions regarding textbooks or course materials should be directed to the instructor or academic department...

- Initial Filters** (Term, Subject, Course Number, etc.)
  - To apply a filter, click on the dropdown menu below its title and then click on one of the results.
  - Note that you narrow down a filter's menu by typing into the search bar for that filter.
- Results Table**
  - Results for your filter settings automatically show in this table as you apply new filters.
  - Scroll up/down/left/right in the table to view columns for all relevant textbook/course info.
  - To copy a cell's results, right-click on the cell, move your mouse over **Copy** and then click **Copy Value**.
  - Click on the results in the **Syllabus** column to view a course's syllabus.
- Other Filters**
  - These are extra filters for narrowing your search. They function the same as filters at the top.
  - To reset your results and start over, click the **Clear All Filters** button at the bottom-left of the screen.

For questions concerning textbooks and/or course materials, please contact the **course instructor** or **academic department**.
