123 Oblongata Lane
Boca Raton, FL 33431
(561) 555-6256
beatricebio@fau.edu

Education

Florida Atlantic University
Bachelor of Science in Biological Science
GPA: 3.6/4.0

Boca Raton, FL
May 20XX

Relevant Coursework

Anatomy and Physiology I + Lab
General Microbiology + Lab
Genetics

Organic Chemistry I
Organic Chemistry II + Lab
Molecular and Cell Biology

Experience

Research Assistant

Jan. 20XX – May 20XX

Florida Atlantic University Department of Biological Sciences

Boca Raton, FL

- Performed a variety of cellular biology techniques including pulsed gel electrophoresis, molecular hybridization, and random mutagenesis
- Explored the use of the methionine sulfoxide reductase system as a reparation for oxidative damage to proteins
- Compiled findings in a clear, scientific writing format in order to maintain a detailed lab notebook

Laboratory Intern

Aug. 20XX – Dec. 20XX

Shepherd Grey Pathology

Boca Raton, FL

- Tested the effects of antibody-drug conjugates and rapamycin on autophagy in mammary tumors
- Collected data to be inserted into the human tissue biology bank database
- Catalogued frozen samples within the FreezerPro database management application to ensure samples were kept up-to-date and well-maintained
- Participated in multiple drug development seminars to understand the processes that play a role in bringing biotechnology products to market

Volunteer

June 20XX – July 20XX

Boca Raton Regional Hospital

Boca Raton, FL

- Aided nurses in transporting patients for discharge or relocation
- Provided reception support and gave general information to visitors and family
- Made frequent rounds throughout the departments to assess and aid in patient needs

Activities

Advocates for World Health

Jan. 20XX – May 20XX

American Society for Microbiology at FAU

Aug. 20XX – May 20XX

Best Buddies FAU

Jan. 20XX – Dec. 20XX

Association of Biological and Biomedical Students

Sep. 20XX – May 20XX
