

Science Learning Center (SLC) Policies

- All tutoring in the Science Learning Center (SLC) is on a walk-in basis.
- Appointments must be made via TutorTrac to use the Virtual Reality (VR) station. These sessions are 50 minutes long and are small group-based (up to 3 students), so students need to share the equipment during the session.
- Students must use the wipes provided to wipe down the equipment (e.g. microscope, VR gear) after use.
- No food or drinks are permitted in the Science Learning Center.
- Recreational cell phone use is not permitted in the Science Learning Center.
- We do not assist with any graded work. (Students may work on the PAR homework in the center, but may not receive assistance from a tutor for it.)
- Computers are to be used for science-related work only.
- Textbooks are loaned and may NOT be taken out of the Science Learning Center.
- Students will be responsible for “lost” textbooks

Questions or concerns?

Please visit the CLASS office (GS 223), call (561) 297-4426, or email Ning at sovatha1@fau.edu.
