**FLORIDA ATLANTIC UNIVERSITY
HOUSING SYSTEM
MANAGEMENT DISCUSSION AND ANALYSIS
JUNE 30, 2018**

Our analysis of Florida Atlantic University's Department of Housing and Residential Life's (Housing) financial performance is based on the Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and provides an overview of the financial activities for the fiscal year ending June 30, 2018. Please read this in conjunction with Housing's financial statements.

Over time, increases or decreases in Housing's net assets are one indicator of whether its financial health is improving or deteriorating. Based on the representative financials, Housing Management believes that the financial position of Housing remains healthy. The University's Housing management team has ensured its financial strength through strategic and comprehensive planning for the future.

Housing's total operating revenues increased \$222,539 or 1.34% from approximately \$17.79 million for the fiscal year ended June 30, 2017 to \$18.02 million for the fiscal year ended June 30, 2018. The increase in total operating revenues is mainly contributable to the increase in occupancy year over year from 99% in FY17 to 105% in FY18.

Total operating expenses decreased \$1,035,740 or 9.85% from approximately \$11.28 million for the fiscal year ended June 30, 2017 to \$10.24 million for the fiscal year ended June 30, 2018. The decrease in operating expenses is mainly contributable to a decrease in Repairs and Maintenance, telecommunication expenses and reallocation of salaries and benefits to Boca Housing. Our operating margin increased year over year from 36.62% in FY17 to 43.15% in FY18.

For a fourth year in a row, Housing management implemented aggressive strategies to boost occupancy by enhancing housing amenities, increasing marketing to both parents and new/returning/transfer/International students, strengthening participation in new student orientation, increasing social media presence, and completing a more comprehensive and cohesive new student on-boarding process (admissions, financial aid, registrar orientation,

academic advising, immunization, and housing). Additionally, Fall 2017 was the fourth-time Housing Management launched its re-contracting for the following fiscal year. As a result of these strategies, the university realized 100.4% occupancy for 2018, versus 100% in 2017.

The Management team of University Housing are confident that the continued demand, especially on the Boca Raton campus, along with competitive rates, strong occupancy management, and prudent monitoring of expenditures will generate adequate cash flow to meet the annual debt service requirement of the overall system.

This Management Discussion and Analysis related to the financial information is designed to provide a general overview of Housing's financial condition. If you have questions about this report or need additional financial information, please contact Ms. Jessica Cohen CPA, Assistant Vice President for Financial Affairs & University Controller, Florida Atlantic University, 777 Glades Road, Boca Raton, Florida (561) 297-1424.

**FLORIDA ATLANTIC UNIVERSITY
HOUSING SYSTEM
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018**

1. Summary of Significant Accounting Policies

Reporting Entity. Florida Atlantic University is a separate public instrumentality that is part of a state university system of public universities which is under the general direction and control of the Florida Board of Governors. The University is directly governed by a Board of Trustees (Trustees) consisting of thirteen members. The Governor appoints six citizen members and the Board of Governors appoints five citizen members. These members are confirmed by the Florida Senate and serve staggered terms of five years. The chair of the faculty senate and the president of the student body of each university also are members. The Board of Governors establishes the powers and duties of the Trustees. The trustees are responsible for setting policies for the university, which provides governance in accordance with State law and Board of Governors' Regulations. The Board of trustees selects the University President. The university president serves as the executive officer and the corporate secretary of the Trustees and is responsible for administering the policies prescribed by the Board of Trustees.

Criteria for defining the reporting entity are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. These criteria were used to evaluate potential component units for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the primary government's financial statements to be misleading or incomplete. Based on the application of these criteria the University is a component of the State of Florida and its financial balances and activities included in these financial statements are reported on the State's Comprehensive Annual Financial Report by discrete presentation.

Basis of Presentation. The University's accounting policies conform with generally accepted accounting principles applicable to public colleges and universities as prescribed by the

**FLORIDA ATLANTIC UNIVERSITY
HOUSING SYSTEM
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018**

Governmental Accounting Standards Board (GASB). The National Association of College and University Business Officers (NACUBO) also provide the University with recommendations prescribed in accordance with generally accepted accounting principles promulgated by GASB and the Financial Accounting Standards Board (FASB). GASB allows public colleges and universities various reporting options. The University has elected to report as an entity engaged in only business-type activities. This election requires the adoption of the accrual basis of accounting and entity-wide reporting including the following components:

- Management's Discussion and Analysis (MD&A)
- Basic Financial Statements:
 - Statement of Net Position
 - Statement of Revenues, Expenses, and Changes in Net Position
 - Statement of Cash Flows
 - Notes to Financial Statements
- Other Required Supplementary Information

Basis of Accounting. Basis of accounting refers to when revenues, expenses, and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied. The University's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange activities are generally recognized when all applicable eligibility requirements, include time requirements, are met. The University follows GASB standards of accounting and financial reporting. Auxiliary service departments account for interdepartmental

**FLORIDA ATLANTIC UNIVERSITY
HOUSING SYSTEM
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018**

transactions as reductions of expenditures and not revenues of those departments. The University's principal operating activities consist of instruction, research and public service. Operating revenues and expenses generally include all fiscal transactions directly related to these activities plus administration, operation and maintenance of capital assets, and depreciation on capital assets. Nonoperating revenues are State noncapital appropriations, Federal and State student financial aid, investment income, and revenues for capital construction projects. Interest on asset-related debts is a non-operating expense.

Cash and Cash Equivalents. Cash and cash equivalents consist of cash on hand and cash in demand accounts. University cash deposits are held in banks qualified as public depositories under Florida law. All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes. Cash and cash equivalents that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other restricted assets, are classified as restricted.

Capital Assets. Capital Assets consist of buildings that are capitalized and recorded at cost at the date of acquisition. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is computed on the straight-line basis over the estimated useful life of the related assets.

2. Investments

Section 1011.42(5), Florida Statutes, authorizes universities to invest funds with the State Treasury and State Board of Administration (SBA), and requires that universities comply with the statutory requirements governing investment of public funds by local governments. Accordingly, universities are subject to the requirements of Chapter 218, Part IV, Florida Statutes. The University's Board of Trustees has adopted a written investment policy providing that surplus

**FLORIDA ATLANTIC UNIVERSITY
HOUSING SYSTEM
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018**

funds of the University shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Pursuant to Section 218.415(16), Florida Statutes, the University is authorized to invest in the Florida PRIME investment pool administered by the SBA; interest-bearing time deposits and savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open-end or closed-end management type investment companies; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and other investments approved by the University's Board of Trustees as authorized by law. Investments set aside to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital assets are classified as restricted.

External Investment Pool. The University reported investments at fair value totaling \$257,526,446, at June 30, 2018, in the State Treasury Special Purpose Investment Account (SPIA) investment pool, representing ownership of a share of the pool, not the underlying securities. The University relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury investment pool are included in the notes to the financial statements of the State's Comprehensive Annual Financial Report. Of the University's investments reported above, Housing's investments in SPIA at fair value totaled \$2,498,105.

3. Receivables

Accounts receivable reported in the Statement of Net Position represent amounts due from students for services provided by Housing division. Accounts receivable over one year old are considered as doubtful accounts. Accounts receivable of \$645,526 are reported net of allowances of \$829,495 at June 30, 2018.

**FLORIDA ATLANTIC UNIVERSITY
HOUSING SYSTEM
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018**

4. Long Term Liabilities

On December 20, 2016 bond series 2016A has been issued to refund the outstanding 2003, 2006A and 2006B bonds. As of June 30, 2018, the Housing System's noncurrent liabilities reported as capital improvement debt payable on the Statement of Net Position amounted to \$51,626,747.
