**FLORIDA ATLANTIC UNIVERSITY
TRAFFIC AND PARKING
MANAGEMENT DISCUSSION AND ANALYSIS
JUNE 30, 2007**

Our discussion and analysis of Florida Atlantic University's Traffic & Parking system financial performance provides an overview of the financial activities for the fiscal year ended June 30, 2007. Please read it in conjunction with the FAU Traffic & Parking's financial statements, which follow.

Traffic & Parking's operating revenue increased by \$615,564. This 16% increase is due primarily to the increased collection efforts of traffic fines and parking fees. The transportation access fee remains a mandatory fixed fee paid by all students each semester to support parking and transportation needs. Operating expenses decrease by 2%. The \$41,117 decrease is mainly due to a decrease salary and benefits due to open unfilled positions.

An analysis and review of Traffic & Parking's net assets - the difference between assets and liabilities - is one way to measure the financial health, or financial position of the Division. Over time, increases or decreases in Traffic & Parking's net assets are one indicator of whether its financial health is improving or deteriorating. We believe that the financial position of Traffic & Parking is healthy. The University's management, which oversees Traffic & Parking operations, has insured its financial strength through comprehensive and strategic planning for the next several years.

In August 2002, the initial parking garage on the Boca Raton campus was opened. Immediately after opening, the garage reached its capacity. This was indicator that additional parking facilities were necessary to accommodate the growth of Florida Atlantic University. The second parking garage opened in August 2003. The University's management has insured that sufficient cash has been and will continue to be maintained to meet the annual debt service requirements of Traffic & Parking.

In the University's planning process for Traffic & Parking issues, management has put into place the appropriate increase in the transportation access fee to assure that revenues are adequate for the parking system. The Board of Trustees has approved an increase in the transportation access fee to \$60 for Fall and Spring, \$25 for summer beginning with the Fall 2007 semesters. Future increases will assure that revenues are sufficient to pay all future expenses including debt service for the existing parking garages and future infrastructure.

This Management Discussion and Analysis related to the financial information are designed to provide a general overview of Traffic & Parking's financial condition. If you have questions about this report or need additional financial information, contact Ms. Stacey Semmel, CPA, CBM, Master of Accounting, Assistant Vice President for Financial Affairs and University Controller, Florida Atlantic University, Controller's Office, 777 Glades Road, Boca Raton, Florida, (561) 297-3102.

**FLORIDA ATLANTIC UNIVERSITY
TRAFFIC AND PARKING SERVICES
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2007**

To enhance the usefulness of the financial statements, the significant accounting policies followed by Florida Atlantic University are described below.

Reporting Entity

Although the university is considered a separate entity for financial reporting purposes, it is a part of the State University System and accordingly is regulated, and coordinated by the Florida Board of Education. The governing body of Florida Atlantic University is its Board of Trustees. The Board constitutes a body corporate and is composed of twelve (12) members appointed by the Governor and one student member. The Board of Trustees is under the general direction and control of the Commissioner of Education, the Chancellor of State Universities, and is governed by law and rules of the Florida Board of Education. By statute, the Florida Board of Education appoints the University President. The University Board of Trustees adopts university rules and procedures and plans for the future needs of the university. The University President is responsible for the management of the university and has the ultimate responsibility for administering the policies prescribed by the Board of Trustees.

A. **Basis of Presentation**

The University's fiscal and accounting operations are effectively structured around the Governmental Accounting Standard Board's (GASB) statements. The University also adheres to the recommendations of the National Association of College and University Business Officers (NACUBO). NACUBO's recommendations are prepared in accordance with generally accepted accounting principles promulgated by the Financial Accounting Standards Board (FASB) and the Governmental Accounting Standards Board (GASB).

In November 1999, the Governmental Accounting Standard Board (GASB) issued GASB Statement # 35 "Basic Financial Statements and Management Discussion and Analysis for Public Colleges and Universities - an amendment of GASB Statement # 34 "Basic Financial Statements

**FLORIDA ATLANTIC UNIVERSITY
TRAFFIC AND PARKING SERVICES
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2007**

Statements and Management Discussion and Analysis for State and Local Governments." GASB Statements #34 and #35" provide the most significant change in financial reporting for all governmental institutions. Florida Atlantic University's reporting model under GASB Statement #35 is a Special-Purpose Government Entity engaged only in business-type activities (BTA).

GASB Statements #34 and #35 promulgate that a Special-Purpose Government Entity engaged only in business-type activities are to present only the financial statements required for Proprietary (enterprise) fund. Basic financial statements and required supplementary information (RSI) for the Proprietary fund consist of the following:

Management's discussion and analysis (MD&A)

Proprietary (enterprise) fund financial statements:

Statement of net assets or balance sheet

Statement of revenues, expenses, and changes in net assets

Statement of cash flows

Notes to financial statements

Required supplementary information (RSI) other than MD&A

C. Basis of Accounting

Basis of accounting refers to when the effect of transactions or events should be recognized for financial reporting purposes. It relates to the timing of the measurements made, regardless of the measurement focus applied. The Statement of Net Assets (Balance Sheet) and the Statement of Revenues, Expenses, and Changes in Net Assets are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

The University's principal operating activities consist of instruction, research and public service. Operating revenues and expenses generally include all fiscal transactions directly related to these

TRAFFIC AND PARKING SERVICES
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2007**

activities plus administration, operation and maintenance of plant assets, and depreciation on capital assets. The financial information for Traffic & Parking Services will be included in the University's financial statements.

The Statement of Revenues, Expenses, and Changes in Net Assets is presented by major sources. The Statement of Cash Flows is presented using the direct method and is in compliance with GASB Statement #9 "Reporting Cash Flow for Proprietary and Non-expendable Trust Funds."

The University follows FASB Statements and interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions; and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

C. Cash and Cash Equivalents

The amount reported as cash and cash equivalents consist of cash on hand and cash in demand accounts. Cash set aside to make debt service payments, maintain sinking fund reserves, and to purchase or construct capital assets is classified as restricted. Banks qualified as public depositories under Florida law hold cash deposits of the University. Cash in demand accounts is held in banks qualified in accordance with the provisions of Chapter 280, Florida Statutes, as a public depository. Deposits are fully insured by Federal depository insurance or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes.

D. Accounts Receivable

Accounts receivable reported in the Statement of Net Assets represent amounts for fines and transportation access fees. These accounts that are one year or older are considered uncollectible and are netted against the amount reported on the Statement of Net Assets.

E. Capital Assets

Capital Assets consist of buildings that are capitalized and recorded at cost at the date of acquisition. Additions, improvements, and other outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance is expensed as incurred. Depreciation is computed on the straight-line basis over the estimated useful life of the related assets

F. Long-Term Liabilities

Long term liabilities comprises of bonds. The University's long-term indebtedness is reported in the Investment in Plant Fund. Traffic and Parking had long-term debt obligations as of June 30, 2007 related to the issuance of \$7,990,000 in University Parking Facility Revenue Bonds, Series 2001 and the issuance of \$8,995,000 in University Parking Facility Revenue Bonds, Series 2002. The Series 2001 balance outstanding as of 6/30/2007 was \$6,235,000 after principal payments of \$330,000 in 2007 and the Series 2002 outstanding balance as of 6/30/2007 was \$7,610,000 after principal payments of \$360,000.
