Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

Enrollment and Program Completers

2023-24 Total	
Total Number of Individuals Enrolled	878
Subset of Program Completers	179

Gender	Total Enrolled	Subset of Program Completers
Male	105	18
Female	771	159
No Gender Reported	2	2
Race/Ethnicity	Total Enrolled	Subset of Program Completers
American Indian or Alaska Native	0	0
Asian	31	3
Black or African American	136	38
Hispanic/Latino of any race	169	43
Native Hawaiian or Other Pacific Islander	1	1
White	510	84
Two or more races	16	4

Race/Ethnicity	Total Enrolled	Subset of Program Completers
No Race/Ethnicity Reported	15	6

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Academic Major

THIS PAGE INCLUDES:

>> Teachers Prepared by Subject Area

>> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2023-24.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

☐

No teachers prepared in academic year 2023-24

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2023-24. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Assurances

Note: This section is preloaded from the prior year’s IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

☒ Yes

☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

☒ Yes

☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

☒ Yes

☐ No

☐ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

☒ Yes

☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

☒ Yes

☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

☒ Yes

☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

☒ Yes

☐ No

8. Describe your institution’s most successful strategies in meeting the assurances listed above:

Placements are carefully monitored to ensure diverse placements over the course of the program. The Office for School Engagement tracks this data for use in accreditation reporting.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Report Progress on Last Year’s Goal (2023-24)

1. Did your program prepare teachers in mathematics in 2023-24?

If no, leave remaining questions for 2023-24 blank (or [clear responses already entered](#)).

- ☒ Yes
- ☐ No

2. Describe your goal.

We are finally coming out of the Covid effect, so we are going to lower our goal for 2024-2024 to 5. Our goal for 2023-2022 was 5 completers.

3. Did your program meet the goal?

- ☐ Yes
- ☒ No

4. Description of strategies used to achieve goal, if applicable:

Through our Secondary Teachers Education Coordinating Committee (STECC) we will continue to work with the Department of Mathematics faculty to increase recruitment, and class availability.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

We will need to be more specific about mathematics education. We are still exploring adding a secondary bachelor's to the existing Mathematics Education program.

6. Provide any additional comments, exceptions and explanations below:

Review Current Year’s Goal (2024-25)

7. Is your program preparing teachers in mathematics in 2024-25? If no, leave the next question blank.

- ☒ Yes
- ☐ No

8. Describe your goal.

Based on the low number for 2023-2024, we will again lower our goal. Our goal for 2024-2025 will be 4 completers.

Set Next Year’s Goal (2025-26)

9. Will your program prepare teachers in mathematics in 2025-26? If no, leave the next question blank.

- ☒ Yes
- ☐ No

10. Describe your goal.

Based on the low number for 2023-2024, we will again lower our goal. Our goal for 2024-2025 will be 4 completers.

Report Progress on Last Year’s Goal (2023-24)

1. Did your program prepare teachers in science in 2023-24?

If no, leave remaining questions for 2023-24 blank (or [clear responses already entered](#)).

- ☒ Yes
- ☐ No

2. Describe your goal.

As stated, science education consists of biology education, chemistry education, and physics education. As we believe that the drop in enrollment is related to COVID, our goal for 2023-2024 will be 6 completers. Through STECC, we will continue to work with the Department of Science faculty to increase recruitment, and class availability.

3. Did your program meet the goal?

- ☐ Yes
- ☒ No

4. Description of strategies used to achieve goal, if applicable:

Using our Secondary Teacher Education Coordinating Committee (STECC) we work with the department of science faculty to help increase enrollments by informing the freshmen and sophomore students about the option of science education- biology, chemistry and physics.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

During the 2024–25 academic year, through our Secondary Teacher Education Coordinating Committee (STECC), we are collaborating with the Department of Science faculty to boost enrollment by informing freshmen and sophomore students about the science education options available in

biology, chemistry, and physics. We are working closely with faculty in order to super marketing for this program.

6. Provide any additional comments, exceptions and explanations below:

Review Current Year's Goal (2024-25)

7. Is your program preparing teachers in science in 2024-25? If no, leave the next question blank.

- ☒ Yes
☐ No

8. Describe your goal.

Through the combined work of the science and education faculties, we believe that reducing our previous goal of 6 completers will be a good goal for 2024-2025.

Set Next Year's Goal (2025-26)

9. Will your program prepare teachers in science in 2025-26? If no, leave the next question blank.

- ☒ Yes
☐ No

10. Describe your goal.

Through the combined work of the science and education faculties, we believe that our new goal of 6 completers will be a good goal for 2025-2026.

Annual Goals: Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Department of Special Education Service Goals • Deliver a professional development needs assessment to at least two of our school partners designated as low performing, high need schools. • Continue Department options to explore ways to use hybrid delivery method and revise Bachelor’s degree program in ESE to help local school district para-professionals to get their Bachelor’s degree from the Department. • Deliver yearly undergraduate and graduate student orientation and recruitment events. • Obtain continued approval by the Board-Certified Behavior Analyst® (BCBA®) for maintaining program approval for the Master’s course sequence in Applied Behavior Analysis. Department of Special Education Academic Program Goals • Revise the existing Master’s degree program and replace it with four concentration areas which are Applied Behavior Analysis, Autism Spectrum Disorders, Early Childhood Special Education, and Special Education Intervention. This revised concentration Master’s degree program has been offered fully online beginning Spring 2023. • Continue to implement the inclusive post-secondary education program for adults with developmental disabilities (i.e., the FAU Academy for Community Inclusion (ACI)). • Continue to use the teacher evaluation systems that have been validated into the Department Student Teacher evaluation system, as required by FDOE. All University Supervisors will continue to administer these evaluations to our Student Teachers. • Increase visibility of the Department and its various programs. • Respond to continuous and numerous changes the structure, format, and reporting requirements in the College and University student assessment systems.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(\\$205\(a\)\(1\)\(F\)\)](#)

Does your program prepare teachers to:

a. integrate technology effectively into curricula and instruction

☒ Yes

☐ No

b. use technology effectively to collect data to improve teaching and learning

☒ Yes

☐ No

c. use technology effectively to manage data to improve teaching and learning

☒ Yes

☐ No

d. use technology effectively to analyze data to improve teaching and learning

☒ Yes

☐ No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Evidence is found in LiveText by Watermark, an online assessment platform, within the critical assignments. These FEAP-driven, evidence-based critical assignments are collected and managed within the LiveText repository. LiveText provides actionable data reports to identify and improve student academic achievement. Each program provides a minimum of 6 credit hours of technology into content courses. The lessons and activities have integrated technology into curricula and instruction. EME 2040 (Introduction to Technology for Educators)(for Elem majors), EEX 4763 (Instructional Technology in Special Education)(for ESE majors), and EME 4312 (Educational Technology for 21st Century Teaching)(for Elem majors) critical assignment data is housed in the LiveText online assessment tool. This FEAP-based data is analyzed and results disseminated to the departments with the LiveText online assessment tool reporting and analyzer feature. EME 2040 incorporates five FEAP-based critical assignments, Assessment Plan, Data-Based Decision Making, Assistive Technologies, Technology Enhanced Unit, and Data Merge. To build upon this course, EME 4312 incorporates two FEAP-based critical assignments, Technology-Based Assessment Toolbox and Technology-Based Lesson. EEX 4763 captures one FEAP-based critical assignment, UDL Model Lesson. Exceptional Student majors have UDL embedded into the various courses, including EEX 4763 (Instructional Technology in Special Education). Teaching and Learning majors learn UDL in courses including EEX 4070 (Inclusive Education for General Educators), EME 2040 (Introduction to Technology for Educators: in the assistive technology-based assignments associated with unit planning and development) and EME 4312 (Educational Technology for 21st Century Teaching in the technology-based lesson assignments). These courses are FEAP-based critical assignments and evidences are in the LiveText repository. Data reports are generated and distributed to the departments.

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

At the undergraduate level, students take EEX4070, Inclusive Education (3 credit course) and EEX4616 Classroom Management (3 credit course)

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Content and activities related to the IEP are provided in EEX4070.

c. Effectively teach students who are limited English proficient.

All students in FAU initial teacher certification programs (ITP)-elementary and English education 6-12 meet course content (TSL 4080 & TSL 4081) and field experience requirements to qualify for the ESOL endorsement. Those other ITP programs must take an introductory TESOL class (TSL 4324).

2. Does your program prepare special education teachers?

- ☒ Yes
- ☐ No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

Exceptional Student Education plus Certification candidates enroll in 5 semesters of content and field experiences involving teaching students with disabilities.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

In addition to IEP experiences in various courses, Exceptional Student Education candidates enroll in EEX 4932 (a unique course on the IEP) during their student teaching.

c. Effectively teach students who are limited English proficient.

Exceptional Student Education (ESE) majors enroll in two TESOL (TSL 4080 and TSL 4081) courses and all ESOL competencies are embedded into ESE content courses.
