

FALL 25' RECRUITMENT SEMINAR

Did You Know?

OFFICE FOR SCHOOL ENGAGEMENT

Each semester, the Office for School Engagement hosts a Student Teaching Recruitment Seminar to support Teacher Candidates as they transition into the teaching profession.

Highlights from the event include:

- **Mock Interviews:** Led by administrators from our partner schools, providing real-time feedback to help candidates refine their responses and build confidence for future interviews.
- **Career Center Collaboration:** The FAU Career Center offered resume-writing workshops, interview preparation sessions, and professional headshots to ensure students are career-ready.
- **Networking Opportunities:** Representatives from Charter Schools USA, The School District of Palm Beach County, Broward County Public Schools, Exceed Preparatory Schools, and the FAU Alumni Association hosted tables for one-on-one networking with potential employers and mentors.
- **Graduate Program Insights:** A special thank-you to Jessica Stupiec and Mikaela Kursell for sharing valuable information about FAU's graduate programs.

This collaborative effort between the College of Education's Office for School Engagement, FAU's Career Center, and our community partners reflects our shared commitment to preparing the next generation of FAU Alumni Educators.
