Welcome New Faculty and Staff

Florida Atlantic University’s College of Education is proud to announce the appointment of new members to the faculty of the Department of Exceptional Student Education, as it welcomes new staff members to the College of Education. This is an exciting time for the College during the virtual COE Welcome Back event on Aug. 20, 2020. A checklist for new hires was prepared and distributed to ensure a smooth transition into the College during the virtual event.

Live Text Training

New students of Florida Atlantic University are invited to join the Virtual Research in Action community to explore the research and scholarship of faculty members. This innovative platform provides opportunities for students to engage in scholarly activities, connect with faculty, and learn about exciting research projects. The Virtual Research in Action community fosters a supportive and collaborative environment, allowing students to network and develop meaningful relationships with faculty members.

The Virtual Research in Action community offers a range of activities and resources, such as virtual research seminars, panel discussions, and networking events. These events provide students with the opportunity to learn about cutting-edge research topics, gain insights from experts in the field, and connect with potential mentors. Students can also engage in research projects, collaborate on research papers, and present their work at virtual conferences.

The Virtual Research in Action community is open to all Florida Atlantic University students, regardless of their academic discipline. Whether you are a graduate or undergraduate student, looking to pursue a career in academia or industry, or simply interested in research, the Virtual Research in Action community offers a valuable platform to explore and participate in scholarly activities.

For more information about the Virtual Research in Action community, including upcoming events, activities, and resources, please visit www.fau.edu/education. You can also stay updated by joining the Virtual Research in Action community on social media platforms such as LinkedIn and Twitter. Connect with us today to be part of this vibrant research community at Florida Atlantic University.
