The COE Student Achievement Council is pleased to announce the 11<sup>th</sup> Annual COE SAC Student Research Symposium, and welcomes proposals for papers and posters from all COE undergraduate and graduate students. Topics related to all programs in the college are welcome. The symposium will feature a keynote speaker, oral and multimedia presentations, and poster sessions.

#### **Guidelines for Submitting Proposals**

Proposals may include proposed research, literature reviews, conceptual or theoretical pieces, thesis or dissertation research, action learning or capstone project papers, and any other original scholarly work. Opinion pieces and book reviews fall outside the scope of the symposium. Research that has been previously published must indicate so on the proposal form. All presentations and posters must conform to the APA Style Manual, 6<sup>th</sup> Edition and must include references. Faculty sponsorship is not required but consultation with faculty is recommended. This is a competitive and selective process and not all proposals will be accepted. Group or individual submissions are welcome. Graduate and undergraduate students interested in presenting must submit proposals for review by the Symposium Committee by **October 26, 2011**. Students whose proposals are accepted for presentation or poster session **must** attend the symposium and submit a paper on their research topic by **November 22, 2011** for inclusion in the symposium Portfolio that will be posted on the COE SAC website.
