David Mann	Darrell Fraley
Mario Toussaint	Samantha Uribe
Cheryl Shamon	Lascelia Daves
Jillian Powers	Sherrie Sacharow
Jennifer Mulhoyt	Kyla Williams

FEEDBACK

What was the most (or one of the most) important take-aways from the workshop today?

1. Even if a student has lost his way, many of our professors want us to succeed in earning our degree.
2. The information and the reminder about the information, journals, manuals etc. that are available in the education building.
3. Planning, course arrangement, trajectory, course mapping
4. Aspects of proposal writing: <ul style="list-style-type: none">- The actual process- Selecting & Working with chair & committee- top 10 list- The review of the handbook was useful
5. Explanation of the proposal hearing, pre, during, and post was extremely useful. Elaboration of the ppt was excellent.
6.
7. A good outline for APA, qualifying exams in 7944
8. Choose chair before above
9. Get IRB before 7944
10. Print our dissertation questions
11. Record your QE responses and listen to them
12. APA guidelines
13. The Doc. Handbook
14. Use your resources as far as your committee
15. The committee is there to help and guide you through the process like a family
16. Looking at an actual dissertation table of contents – it was helpful to see it all spelled out
17. Overview of proposal process

11. 18. Tips for preparing for Quals. & relating to dissertation proposal ?? 19. Hearing from my colleagues
12. 20. Proposal content of tables 21. Top ten
13. - writing center 22. Table of content
14. 23. Preview of proposal hearing & expectations 24. Reconnecting with other students 25. Outline of proposal “pet peeves”
15. 26. The timeline of courses/helpful tips leading up to proposal
16. 27. Each handout was very valuable! 28. especially APA
17. 29. Discussion of qualifying exam preparation 30. Discussion of proposal necessities
18. 31. Sample outline for proposals

What was the most meaningful part of the workshop today?

32. Clear explanation of steps in process 33. General theme (we are family)
34. Overall reminders about the process 35. What I should be scheduling 36. How I should be planning
37. No response
38. It is necessary to have a chair while taking 7944 39. The importance of precise /well constructed R.Qs 40. Proposal process 41. The “handbooks” as reference tools. 42. Thank you- all of the info was useful
43. Seeing how much the department and program has progressed in delineating what specifically needs to be done by each student at every stage during this degree. Applause and appreciation for all the excellent and hard work. Great handbook.
44. APA
45. As usual the guest speakers
46. Listening to everyone’s feedback 47. Having open discussions and not just listening to one person

48. Hearing tips from other students – it helps to know there are others in the same place
49. APA style
50. Revisiting the community
51. Becoming reinvigorated
52. The steps of the proposal
53. The steps of the Hearing
54. Example (visual) and conversation about the table of content
55. Relationship of research questions and subsequent chapters
56. APA quiz – All correct – I remember when I was clueless
57. Handbook (resources)
58. Overall, getting a better idea and perspective on expectations for proposals
59. Learning when to begin the process, people to connect, outline of process
60. Knowing the process – understand the road I am on – thanks ☺
61. Sitting with & listening to my colleagues
62. Meeting to review procedures, timelines, seeing classmates

What was the least meaningful part of the workshop today?

63. N/A
64. Coursework information (only because I have finished my courses and passed the quals.)
65. No response
66. Coursework sequence-only because I am at the end
67. I don't know that any part was not meaningful. Perhaps a master list of attendees with email addresses, area of research interest, and stage in the program being copied and disseminated by the end of the workshop could be useful.
68. Order of courses
69. No response
70. Nothing. Every topic was meaningful and beneficial
71. N/A
72. Everything was very beautiful
73. Grammar / Writing
74. N/A – all info given was important
75. N/A
76. The elements of the program that I have already completed. Discussing these subjects did help give perspective and did help others, so it was not meaningless, just the least meaningful
77. The APA portion – although appreciated – not useful in a quick workshop
78. None – all parts were valuable
79. I missed it – I was late
80. A lot of the procedures in the beginning were not proposal related

What question do you now have about the proposal writing process that is still not clear or that was not answered today?

81. N/A
82. No response
83. No response
84. N.A I'm sure I will have some at another time.
85. For next week's workshop can that be live-streamed online?
86. What if nobody in CCEI is interested in my area of specialization?
87. I just want to get this over and done with.
88. I recommend passing out table of contents outline to 7944 and online.
89. After the proposal hearing if the committee makes minor adjustments/recommendations do I need to have another hearing to get the changes approved?
90. How often do you use the editor?
91. Do you send your draft to the editor each time you send the draft to the chair?
92. Where should I look for examples of survey instruments? (scary!)
93. No response
94. I need to think through my own timeline & make sure I am on track.
95. How does the IRB form look? I'll check the handbook
96. All questions answered
97. I will probably have a better idea once I get more into proposal
98. N/A at this time
99. None
100. How will my history methodology fit itself into this process
101. No response
