

Master's Degree in **ENVIRONMENTAL EDUCATION**

THE PROGRAM

The **MASTER'S DEGREE in ENVIRONMENTAL EDUCATION** offers graduate students a chance to explore the exciting potential of environmental education to improve a wide range of outcomes and help meet the challenges of our rapidly changing world. Formal and informal educators along with interested science professionals will improve their content knowledge, learn the latest science education pedagogy, practice effective lesson planning and curriculum design, and survey new educational research.

COURSES

FEATURES

- Can be taken fully online, but also features in-person opportunities, networking, and internships through Palm Beach County's outstanding subtropical natural sites and award-winning environmental and marine science education providers.
- Graduate assistantships often available through a partnership with FAU Pine Jog Environmental Education Center.
- Graduates of this established program have gone on to high level environmental education positions all over Florida and the USA.

How to **APPLY**

APPLICATION

To be considered for admission into masters programs in the Department of Curriculum and Instruction, applicants must complete a **graduate application** online through the Graduate College at <https://www.fau.edu/graduate>

SUBMIT

Application will require applicant to submit:

- Official transcripts including all undergraduate coursework and evidence of bachelor's degree from a regionally accredited college or university (3.0 GPA required)
- Personal Statement outlining interest in the program
- Resume
- Two letters of recommendation that highlight the candidate's academic potential
- Any additional requirements for the degree for which you are applying that are listed on the application

After your application is completed, it will be forwarded to the Department of Curriculum & Instruction for a decision.
