Florida Atlantic University

[Instructional Design Certificate Program](#)

Thank you for your interest in the Instructional Design Certificate. Your first step is to fill out an internal application that allows us to connect with you and provide you with updates. Click here:

[Enrollment Request](#)

The **Certificate in Instructional Design** provides an opportunity for students to earn a 12- credit master's certificate. This program incorporates current technologies into instruction or training and allows you to acquire the knowledge and skills necessary to apply modern technology in both higher educational course design and online training settings. Through our program, you will gain applied skills in instructional design, distance learning, and instructional technology to engage students and create web based and multimedia instructional content. Classes taken for the ID Certificate may be applied toward the Master's in Instructional Technology, meeting the 1/3 non-degree seeking limit of the total degree. If you have questions about any of the course work before being admitted, please contact the Department of Curriculum and Instruction at dcf@fau.edu.

Once you are accepted, register for our courses.

A bachelor's degree in any area is the only requirement to apply.

How do I apply?

Are you currently enrolled in an FAU graduate program?

Consult with your advisor and register for our courses.

If you are not currently enrolled at FAU apply here as a non-degree student:

<https://www.fau.edu/registrar/registration/non-degree.php>

We are so excited to have you join us!

Dr. Victoria Brown vbrown22@fau.edu • Dr. Ann Musgrove musgrove@fau.edu • Dr. Jillian Powers jrpowers@fau.edu
