COURSE CONTENT

- Lesson planning and presentation
- Student assessment and ongoing evaluation
- Research based teaching practices
- Collaborative problem solving and communication
- Classroom management

COURSE REQUIREMENTS:

1. CRITICAL ASSIGNMENT: Narrative Observation Feedback Summary Form (NOS):

Throughout the semester, practicum students will be evaluated formally by the university supervisor and the cooperating teacher (for a minimum of 7 observations) working together to complete the Narrative Observation (Feedback) Summary (NOS). The overall ratings on the NOFS indicators will be used to determine whether the student meets the expectations for the critical assignment. At the mid-term and the end of the semester, both the university supervisor and the cooperating teacher will jointly complete the NOFS.

The observations include both verbal and written feedback Narrative Observation (Feedback) Summary (NOS) regarding the student's progress in planning and teaching a lesson, as well as the student's ability to communicate academic and behavioral expectations in a positive and supportive manner appropriate to the functioning level of students with special needs. The observer will synthesize the information on the Narrative Observation Feedback Summary Form.

2. CRITICAL ASSIGNMENT: Professional Attribute Rubric (PAR):

As part of the mid-term and the final practicum observation by the university supervisor, the university supervisor and cooperating teacher will conduct a three way conference with the practicum student to discuss the Professional Attribute Rubric (PAR). This conference is designed to provide the student with an evaluation of the critical professional skills not generally measured by lesson observations. The PAR should be submitted as part of the practicum paperwork. The practicum student should keep these attributes in mind throughout the semester.

Student will be assessed: "Exceeds Expectations," "Meets Expectations," or "Does Not Meet Expectations," which will be used to indicate student's final grade on this Critical Assignment.

The PAR may also be used to document inappropriate professional behavior as exhibited during the semester. The cooperating teacher and university supervisor discuss and rate (using the PAR) the student's demonstration of critical professional skills not generally measured by lesson observations. These skills include such areas as judgment, tact, reliability, dependability, collegiality, professional development, ethical behavior, and independence.

This practicum includes the following FEAPs that are reflected either in the course objectives or measured by the NOS or PAR. The NOS measures: (a)1.a, (a)1.b, (a)1.d, (a)1.e, (a)1.f, (a)2.a, (a)2.b, (a)2.c, (a)2.d, (a)2.e, (a)2.g, (a)2.h; (a)3.a, (a)3.b, (a)3.c, (a)3.d, (a)3.e, (a)3.f, (a)3.g, (a)3.h, (a)3.i, (a)3.j; (a)4.a, (a)4.b, (a)4.c, (a)4.d, (a)4.e, (a)4.f; (b)1.c, and (b)1.e). The PAR measures : (a)1.c, (a)2.e, (a)2.f; (a)3.g, (a)3.h, (a)3.i, (a)3.j; (b)1.a, (b)1.b, (b)1.c, (b)1.d, (b)1.e, and (b)2, which are the Critical Assignments.

3. EVALUATION PROCEDURES:

Assessment criteria:

A student must earn a minimum grade of 73% (for this course 73% or better = a grade of "S") of the points allotted for the Critical Assignment to receive a passing grade in this course. In other words, a student cannot pass the course without successfully completing the critical assignments.

ASSESSMENT PROCEDURES:

Assignment	Points	% of Course Grade
**NARRATIVE OBSERVATION FEEDBACK SUMMARY FORM	50	50%
**PROFESSIONAL ATTRIBUTE RUBRIC (PAR)	50	50%
PRACTICUM NOTEBOOK:	S/U	
SITE INFORMATION FORM & OBSERVATION SCHEDULE	S/U	
TOTAL	100	100%

** *Critical Assignments*

GRADING (ESE GRADING SCALE for PRACTICUM):

Activity scores are cumulative and the grade scale represents percentage of total points earned.

S = 73% and higher **U = 72% and lower**

POLICIES AND PROCEDURES

To avoid learner confusion or disappointment, the following are assumptions and expectations for this course:

UNIVERSITY ATTENDANCE POLICY:

Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of nonattendance. Attendance includes active involvement in all class sessions, class discussions, and class activities, as well as professional conduct in class.

Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations, or participation in University-sponsored activities (such as athletic or scholastic team, musical and theatrical performances, and debate activities). It is the student's responsibility to give the instructor notice prior to any anticipated absence, and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student's final course grade as a direct result of such absence.

Practicum Attendance Policy

If a practicum student must be absent, s/he must follow the procedures described below:

1. The student will inform the cooperating teacher and university supervisor of the absence as far ahead of time as possible.
2. The student will make sure that the cooperating teacher has all the materials necessary to fulfill his/her teaching responsibilities in his/her absence.
3. An absence from the practicum, regardless of the reason, does not absolve the student from fulfilling all responsibilities, including meeting the minimum of 6-9 hours per week requirement. (**excluding school holidays**)
4. The student must make up any time missed each week either the week before the absence or the following week.

The practicum is intended to be an ***intensive school-based learning experience***. There are many requirements and many new demands placed on the practicum student. Learning for the student takes place through observation, practice, trial and error, and collaboration. It is critical that all parties, the student, cooperating teacher, and university supervisor, work together to maximize the practicum experience. If conflicts arise during practicum, any member of the team may initiate a problem solving meeting to correct a specific issue.

POLICIES:

1. The course carries one to three credits. Students are expected to complete course requirements sufficient to earn the credit(s) during the time-span of the course.
2. Students are encouraged to talk with the university supervisor if there are concerns or problems relating to the course
3. A minimum grade of S (not U) is required in order to continue in sequence in the ESE Bachelor's program.
4. All written assignments must follow the directions on the assignment for presentation.
5. Due dates for assignments are provided in the course outline and will be enforced. If the critical assignments are submitted beyond the due date the student will receive an "I" (incomplete) in practicum and may not continue in sequence.

STUDENTS WITH DISABILITIES:

In compliance with the Americans with Disabilities Act (ADA) and FAU policy, students with disabilities who require special accommodations to properly execute course work must register with the Office for Students with Disabilities (OSD) and provide the instructor of this course with a letter from OSD which indicates the reasonable accommodations that would be appropriate for this course. OSD offices are located on Boca, Davie and Jupiter campuses. Information regarding OSD services and locations can be found on the FAU website.

4. Instructional Strategies

- cc4S3 Select, adapt, and use instructional strategies and materials according to characteristics of the individual with exceptional learning needs
- cc4S4 Use strategies to facilitate maintenance and generalization of skills across learning environments
- gc4S1 Use research-supported methods for academic and nonacademic instruction of individuals with disabilities
- gc4S6 Modify pace of instruction and provide organizational cues
- gc4S7 Use appropriate adaptations and technology for all individuals with disabilities
- gc4S13 Identify and teach essential concepts, vocabulary and content across the general curriculum

5. Learning Environments and Social Interactions

- gc5K3 Methods for ensuring individual academic success in one-to-one, small-group, and large-group settings
- cc5S1 Create a safe, equitable, positive, and supportive learning environment in which diversities are valued
- cc5S3 Identify supports needed for integration into various program placements
- cc5S4 Design learning environments that encourage active participation in individual and group activities
- cc5S5 Modify the learning environment to manage behaviors
- cc5S10 Use effective and varied behavior management strategies
- cc5S11 Use the least intensive behavior management strategy consistent with the needs of the individual with exceptional learning needs
- cc5S12 Design and manage daily routines
- gc5S5 Use skills in problem-solving and conflict resolution
- gc5S6 Establish a consistent classroom routine for individuals with disabilities

1. Instructional Planning

- cc7S1 Identify and prioritize areas of the general curriculum and accommodations for individuals with exceptional learning needs
- cc7S2 Develop and implement comprehensive, longitudinal individualized programs in collaboration with team members
- cc7S3 Involve the individual and family in setting instructional goals and monitoring progress
- cc7S5 Use task analysis
- cc7S6 Sequence, implement, and evaluate individualized learning objectives
- cc7S7 Integrate affective, social, and life skills with academic curricula
- cc7S8 Develop and select instructional content, resources, and strategies that respond to cultural, linguistic, and gender differences
- cc7S9 Incorporate and implement instructional and assistive technology into the educational program
- cc7S10 Prepare lesson plans
- cc7S11 Prepare and organize materials to implement daily lesson plans
- cc7S12 Uses instructional time effectively
- cc7S13 Make responsive adjustments to instruction based on continual observations
- gc7S2 Select and use specialized instructional strategies appropriate to the abilities and needs of the individual

2. Assessment

- cc8S1 Gather relevant background information
- cc8S5 Interpret information from formal and informal assessments
- cc8S6 Use assessment information in making eligibility, program, and placement decisions for individuals with exceptional learning needs, including those from culturally and/or linguistically diverse backgrounds
- cc8S8 Evaluate instruction and monitor progress of individuals with exceptional learning needs
- cc8S10 Create and maintain records

9. Professional and Ethical Practice

- cc9S8 Use verbal, nonverbal, and written language effectively
- cc9S9 Conduct self-evaluation of instruction
- cc9S11 Reflect on one's practice to improve instruction and guide professional growth

FLORIDA English For Speakers of Other Languages (ESOL) SUBJECT AREA COMPETENCIES

- 3 Identify, expose, and reexamine cultural stereotypes relating to LEP and non-LEP students.
- 5 Determine and use appropriate instructional methods and strategies for individuals and groups, using knowledge of first and second hand language acquisition process.
- 8 Select and develop appropriate ESOL content according to student levels of proficiency in listening, speaking, reading, and writing, taking into account: (1) basic interpersonal communicative skills (BICS), and (2) cognitive academic language proficiency skills (CALPS) as they apply to the ESOL curriculum.
- 12 Apply content-based ESOL approaches to instruction.
- 14 Plan and evaluate instructional outcomes, recognizing the effects of race, gender, ethnicity, socioeconomic status, and religion on the results.
- 16 Design and implement effective unit plans and daily lesson plans which meet the needs of ESOL students within the context of the regular classroom.
- 17 Evaluate, adapt and employ appropriate instructional materials, media, and technology for ESOL in the content areas at elementary, middle and high school levels.
- 18 Create a positive classroom environment to accommodate the various learning styles and cultural backgrounds of the students.
- 19 Consider current trends and issues related to the testing of linguistic and culturally diverse students when using testing instruments and techniques.
- 20 Administer tests and interpret test results, applying basic measurement concepts.
- 21 Use formal and alternative methods of assessment/evaluation of LEP students, including measurement of language, literacy and academic content metacognition.

Florida Atlantic University – Florida Educator Accomplished Practices

NEW Florida Educator Accomplished Practices (December 2010)
(a) Quality of Instruction
1. Instructional Design and Lesson Planning. Applying concepts from human development and learning theories, the effective educator consistently:
a. Aligns instruction with state-adopted standards at the appropriate level of rigor;
b. Sequences lessons and concepts to ensure coherence and required prior knowledge;
c. Designs instruction for students to achieve mastery;
d. Selects appropriate formative assessments to monitor learning;
e. Uses a variety of data, independently, and in collaboration with colleagues, to evaluate learning outcomes, adjust planning and continuously improve the effectiveness of the lessons; and
f. Develops learning experiences that require students to demonstrate a variety of applicable skills and competencies.
2. The Learning Environment. To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently:
a. Organizes, allocates, and manages the resources of time, space, and attention;
b. Manages individual and class behaviors through a well-planned management system;
c. Conveys high expectations to all students;
d. Respects students' cultural, linguistic, and family background;
e. Models clear, acceptable, oral and written communication skills;
f. Maintains a climate of openness, inquiry, fairness, and support;
g. integrates current information and communication technologies
h. Adapts the learning environment to accommodate the differing needs and diversity of students; and
i. Utilizes current and emerging assistive technologies that enable students to participate in high-quality communication interactions and achieve their educational goals.
3. Instructional Delivery and Facilitation. The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to:
a. Deliver engaging and challenging lessons;
b. Deepen and enrich students' understanding through content area literacy strategies, verbalization of thought, and application of the subject matter;
c. Identify gaps in students' subject matter knowledge;
d. Modify instruction to respond to preconceptions or misconceptions;
e. Relate and integrate the subject matter with other disciplines and life experiences;

f. Employ higher-order questioning techniques;
g. Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding
h. Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students;
i. Support, encourage, and provide immediate and specific feedback to students to promote student achievement; and
j. Utilize student feedback to monitor instructional needs and to adjust instruction.
4. Assessment. The effective educator consistently:
a. Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those needs, and drives the learning process;
b. Designs and aligns formative and summative assessments that match learning objectives and lead to mastery;
c. Uses a variety of assessment tools to monitor student progress, achievement and learning gains;
d. Modifies assessments and testing conditions to accommodate learning styles and varying levels of knowledge;
e. Shares the importance and outcomes of student assessment data with the student and the student's parent/caregiver(s);
f. Applies technology to organize and integrate assessment information.
(b) Continuous Improvement, Responsibility, and Ethics
1. Continuous Professional Improvement. The effective educator consistently:
a. Designs purposeful professional goals to strengthen the effectiveness of instruction based on students' needs;
b. Examines and uses data-informed research to improve instruction and student achievement;
c. Collaborates with the home, school, and larger communities to foster communication and to support student learning and continuous improvement;
d. Engages in targeted professional growth opportunities and reflective practices, and
e. Implements knowledge and skills learned in professional development in the teaching and learning process.
2. Professional Responsibility and Ethical Conduct. Understanding that educators are held to a high moral standard in a community, the effective educator adheres to the Code of Ethics and the Principles of Professional Conduct of the Education Profession of Florida, pursuant to State Board of Education Rules 6B-1.001 and 6B-1.006, F.A.C., and fulfills the expected obligations to students, the public, and the education profession.

RESPONSIBILITIES of the COOPERATING TEACHER (CT)

The CT is the on-site instructor and mentor for the practicum student. The CT is responsible for structuring the practicum experience to allow maximum opportunity for the practicum student to grow and learn the skills needed to become a beginning teacher. Initially, the CT acts as a model for the practicum student by demonstrating effective teaching practices. The CT familiarizes the practicum student with their classroom procedures, schedules, and routines. The CT provides the practicum student with the information and models that the practicum student needs to plan and carry out instruction capably. The CT should also allow the practicum student to practice various teaching methods and strategies he/she is learning in university coursework.

Throughout the practicum experience, the CT provides detailed feedback and evaluative information to the practicum student. The CT alone can evaluate the student's competence in relation to the ESE students in that specific placement. Therefore, it cannot be stressed enough that a great deal of constructive feedback is critical to the professional development of the student. Frequent observation/evaluation followed by a formal conference with verbal AND written feedback is a necessary part of the learning process and should occur on a regular basis in order to keep the practicum student apprised of his/her progress. The formal evaluations should be of adequate length to allow the student to demonstrate several teaching skills (e.g., gaining attention of students, review, presentation of new material, guided practice, independent practice, evaluation, etc.). Follow-up conferences should occur as soon as practical after the observation.

The CT should be able to provide sufficient time, each week, to meet with the practicum student to discuss instruction, provide constructive feedback, and offer additional support.

Primary CT Responsibilities Include:

- Act as a role model/mentor for the practicum student
- Review and provide feedback on all lesson plans developed by the practicum student before they are taught, CT should initial and date each lesson plan.
- Provide an abundance of constructive feedback in a timely manner.
- Perform at least four (4) formal observations of the practicum student
- Meet with the University Supervisor to complete mid-term and final evaluations

RESPONSIBILITIES of the UNIVERSITY SUPERVISOR (US)

The US provides the bridge from university instruction to practical experience. The US has knowledge of the college instruction the practicum student has received and is able to make links between the university work and the teaching requirements. They too are responsible for ongoing and detailed feedback to the student regarding their progress. The formal evaluations should be of adequate length to allow the student to demonstrate several teaching skills (e.g., gaining attention of students, review, presentation of new material, guided practice, independent practice, evaluation, etc.). Follow-up conferences should occur immediately following the observation. The US is also supportive of the cooperating teacher and often listens to his/her concerns about the student's progress. In this role, the US is able to facilitate three-way discussions about issues related to the practicum placement.

Primary US Responsibilities Include:

- Make an initial contact (either in person or by phone) with the CT at the beginning of the semester, prior to the first US observation
- Help the student link university coursework to the classroom
- Provide an abundance of detailed feedback
- Perform at least three (3) formal observations including mid-term and final evaluations along with input from the CT
- Support both the CT and practicum student and listen to their concerns
- Mid-term requirements: 2 CT observations, 2 US observations, complete the midterm evaluation and PAR
- Final requirements: 2 CT observations, 1 US observation, final evaluation, PAR and Rubrics Reporting Form(s) for Critical Assignments (p. 16-17, and 32-38)

PROCEDURES TO FOLLOW IF PROBLEMS ARISE

If the cooperating teacher (CT) and/or university supervisor (US) conclude that a practicum student is experiencing difficulty in any aspect of the field experience process, the following steps should be taken until the problem is resolved:

1. Immediately discuss the problem with the student and follow-up on the student's performance to observe a positive change in behavior.
2. If the problem persists, the US will set up a conference with the CT and the practicum student to resolve the issue(s).

Use the *Narrative Observation Form* to include :

- a. Describe the problem
 - b. Identify recommended strategies/activities for resolving the problem
 - c. Identify timeline and evaluation criteria
 - d. Document student's response
3. The CT and US will jointly monitor the student's progress to determine whether the problem is resolved.
 4. If the problem is not resolved, the US may ask the Field Experience Coordinator (FEC) or other faculty member to observe the student and provide written feedback.

5. The US, CT, and relevant instructor(s) will discuss options regarding the student's continuation in practicum experience. Based on this discussion, the US will make a recommendation to the FEC and provide appropriate written documentation of the issue(s).
6. The FEC, together with the US, relevant instructor(s) and department chair, will make the final decision as to whether the student will be permitted to repeat, extend, or be removed from the practicum experience and the conditions under which this will occur. If the student is permitted to repeat or extend the practicum experience, a Professional Development Plan (PDP) will be completed that specifies objectives, timelines, anticipated outcomes, and consequences meeting or failing to meet the PDP.

In the event that the Principal or a representative from the school decides to remove the practicum student from their school, the FEC, the US, relevant instructor(s) and department chair, will make the final decision about the status of the practicum student.

Assignment: Observing the Teaching and Learning Process

Developing skills for conceptualizing what teachers do and why they do them comes only with practice. Your early observation experiences have allowed you to look around classrooms, watch students and watch how teachers teach. As you prepare to teach lessons in your practicum setting, you will need to get an understanding of the classroom where you are teaching. By completing the following activities during the first few days of your practicum, you will have gained insight into how your cooperating teacher has organized the class, how s/he makes instructional decisions, and how s/he uses curriculum.

Log your observations and responses to the topics below. The specific topics serve as guides. Add any other descriptive information you consider valuable to the observations.

- 1) Describe the physical aspects of the classroom
 - (A) Draw a sketch of the room
 - (B) Develop a seating plan and label with student names
- 2) How does the teacher use the room and materials in it?
 - A) How is the chalkboard used (e.g., instructional, memos, management, etc)?
 - B) How does the teacher use space in the room (e.g., small group areas, stations, etc)?
 - C) How does the teacher use visual aids (e.g., technology, cue cards, bulletin boards, etc)?
- 3) What materials does the teacher use for instruction?
- 4) Describe the classroom management and discipline plan.
- 5) Describe the cooperating teacher's approach and manner with students.
 - A) Personal Characteristics
 - B) Verbal Communication Skills
 - C) Non-verbal Communication Skills
- 6) What specific skills do you want to emulate?
- 7) Describe how the cooperating teacher presents a lesson.
 - A) Introduction or Focus
 - B) Method of Instruction or Presentation
 - C) Reinforcement Activities
 - D) Independent Activities
 - E) Summary or Closure Activities
- 8) What responsibilities beyond teaching does your cooperating teacher have?
- 9) Of all the things you have observed, which skills do you think will be easy for you to master?
- 10) Which will be more challenging?

Standard Lesson Plan*

Note: The Lesson Plan must be shared and initialed by the CT and provided to the US 2-3 days prior to the scheduled observation. *The format may be adjusted according to the direction of the US.

NARRATIVE OBSERVATION (FEEDBACK/COACHING) SUMMARY (NOS)
MID-TERM AND FINAL EVALUATION FORM**

The *Narrative Observation Feedback/Coaching Summary and Mid-term and Final Evaluation Form* consists of descriptors grouped into eight (8) areas. These eight areas are defined below. Each area measures a specific teaching proficiency. The areas correspond to the Florida Performance Measurement System, a statewide evaluation instrument, used yearly to document teacher effectiveness.

IMPORTANT INFORMATION: This form is used throughout the semester each time the student is observed by the University Supervisor (US) or Cooperating Teacher (CT). It is also used for the Mid-term and Final evaluation of the student. The US and CT should have their own individual copy of the form to use during each formal observation of the student. The US and CT should complete this form together during the mid-term and final evaluations of the student. Expectations of the student's performance should rise for each subsequent observation. The student is expected to demonstrate continual progress throughout the semester. The student should not expect to receive all check +'s or 5's on overall rating during the first few observations.

Eight Evaluation Areas:

- 1) General Teaching Skills includes a variety of skills that can be used across different settings.
- 2) Activities Prior to Instruction refers to all the activities the teacher does before the presentation component of the lesson begins.
- 3) Presentation Component refers to the direct delivery/presentation/ description of a body of knowledge that must be mastered.
- 4) Questioning/ Feedback refers to the appropriate use of questioning and feedback techniques with students.
- 5) Guided Practice is an engagement of the student when the information has been initially acquired, but the goal of the practice has shifted to proficiency, maintenance, or generalization.
- 6) Independent Practice is the engagement of the student in the independent use of skills acquired during the teaching process and refined during the guided practice.
- 7) Evaluation of Student Progress includes formal and/or informal assessment procedures, and daily/weekly data collection for the purpose of instructional planning and evaluation of student progress.
- 8) Management of Student Behavior refers to teacher monitoring and managing students' behaviors.

The Mid-Term Evaluation Plan for Remediation must be used if scores of 1 or 2 are attained on a given item from the Narrative Observation (Feedback/Coaching) Summary during the Mid-term Evaluation and/or a score of less than 2 on the Professional Attribute Rubric (PAR). The evaluation plan will aid the student in improving instruction or management and will provide a documentation of the plans for remediation. As with Narrative Observation Feedback forms, one copy of Midterm-Term Evaluation Plan for Remediation should be given to the cooperating teacher, university supervisor, the student, and the Field Experience Coordinator.

EEX 4843 NARRATIVE OBSERVATION (FEEDBACK/COACHING) SUMMARY 1 of 7
 (US and CT each have own form and use checklist system to record student performance during each observation as well as the Mid-term and Final Evaluations This form is to be used by US & CT Mid-Term and Final Evaluations.

Narrative Observation Feedback Summary Instructions (Observations 1-5 below): Please provide the student with feedback after each observation using both the Narrative Observation Feedback Form and this form.

Mid-term and Final Evaluation: Please rate the student's performance in each area during Mid-term and Final. The rating should be an overall average of the student's performance on a day to day basis and not just their performance during scheduled formal observations. If the student receives a 1 or 2 on any indicator during mid-term evaluation the Mid-Term Evaluation Comment Form must be completed. Please rate the student's performance by using the following rating scale:

- 5 - Far Exceeds Expectation Performance demonstrates exemplary ability to perform at an outstanding level that is equivalent to a first-year teacher.
 - 4 - Exceeds Expectation Performance demonstrates above average ability to create, implement and perform duties.
 - 3 - Meets Expectation Demonstrates clear conceptual understanding of components with consistent and effective implementation.
 - 2 - Below Expectation Performance demonstrates understanding of concepts. Implementation attempts are intermittent and not entirely successful. Demonstrates little or no evidence of the indicator.
 - 1 - Unsatisfactory Demonstrates little or no evidence of the indicator
 - NO – No Opportunity No opportunity to observe indicators
 - N/A – Not Applicable Indicator is not applicable at this time (all indicators should be rated by final observation)
- To meet the expectations of this critical assignment, the majority of scores on the Final Evaluation are to be 3s, 4s, or 5s or evidence of continuous improvement on all observations with no 1s or 2s.

1) General Teaching Skills: include a variety of skills that are demonstrated across settings.

Mid-term and Final Evaluation: Each rating is an overall average of the student’s performance on a day to day basis and not solely their performance during scheduled formal observations. If the student receives a 1 or 2 on any indicator during mid-term evaluation, the Mid-Term Evaluation Comment Form is completed and a Remediation Plan developed that address the less effective teaching behavior that were observed. Student’s performance is assessed using the following rating scale:

- 5 - Far Exceeds Expectation Performance demonstrates exemplary ability to perform at an outstanding level that is equivalent to a first-year teacher
- 4 - Exceeds Expectation Performance demonstrates above average ability to create, implement and perform duties.
- 3 - Meets Expectation Demonstrates clear conceptual understanding of components with consistent and effective implementation
