Biography

Dr. Jillian Powers, Assistant Professor, Department of Teaching and Learning in Florida Atlantic University (FAU)'s College of Education (COE) teaches undergraduate and graduate courses in instructional technology. She joined the University in August 2014 as an Instructional Technology Instructor and was named Assistant Professor in August 2015. She earned her Doctor of Philosophy in Curriculum and Instruction with a specialization in Instructional Technology from Florida Atlantic University (FAU) in May 2014.

Dr. Powers brings her background in instructional design, technology integration, and technology professional development to the Department of Teaching and Learning. She has designed and facilitated numerous technology trainings for in-service educators. She also has over 10 years of experience as preschool through 8th grade computer teacher.

Dr. Powers has also presented at a conference. Her research focuses on teachers' adoption and integration of technology into the classroom and ways in which technology shapes the teaching and learning process.
