

Lab School Teachers:

The links below, each of which is associated with a specific department in one of FAU's colleges, can help you find potential research collaborators related to the work you are doing in your classroom. Please spend a few minutes looking for professors who you believe might be interested in working with you. The next step would be to contact the research coordinator at your school, or your principal or director, to find out how and if a research connection can be made.

Sincerely,

*Glenn Thomas*

Glenn Thomas, Assistant Dean  
PK-12 Schools and Educational Programs  
FAU College of Education
