Dear Mrs Bartram:

It was very difficult for us to write this letter. Our emotions are high and our minds are filled with words of appreciations.

Looking back, we remember the day you opened the doors to the Karen Slattery school to our family. At that time, we knew little of its research center capabilities but did know about its fine reputation. Now, years later, we want everyone to know that Karen Slattery is the finest school in Boca Raton.

In our opinion, Karen Slattery has the best director, teachers, and environment. The school excels in all areas but the highest mark of excellence most go to the teachers. We experienced first hand, how your instructors were able to satisfy the academic needs of our daughter Michelle Ioana and at the same time provide loving care. Intuitively, the teachers knew when to give encouragement and, when necessary, discipline. When we asked your staff for assistance with our daughter, help came at the right time, and with the right direction.

Now that our daughter has finished preschool, we cannot thank you enough for the wonderful start she has received. She is really ready for kindergarden, but more important she is ready to enjoy her life.

Thank you and your staff for being part of our lives!

Sincerely yours,

Ana and Mihai Voicu
