

THE HOLMES SCHOLARS® PROGRAM AT FLORIDA ATLANTIC UNIVERSITY

Since 1991, AACTE Holmes Scholars® Program supports doctoral students from historically underrepresented backgrounds pursuing careers in education at AACTE member institutions.

Creating a New Generation of Diverse Teachers Through Pathways2Teaching, A Grow Your Own Program

FAU College of Education is proud to host Margarita Bianco, Ed.D., University of Colorado Timmerhaus Teaching Ambassador. Bianco, FAU '03, is an award-winning expert on recruiting and retaining diverse teachers. Drawing from her own personal and professional experiences, Bianco developed Pathways2Teaching, a Grow Your Own diverse teacher program designed to encourage high school students in urban and rural communities to become teachers for their own communities. As a woman of color and a first-generation college graduate, she understands the obstacles that many students face. And as a former classroom teacher and school leader, she understands the challenges of recruiting and retaining teachers of color.
