

Attention College of Education Students

Effective immediately, the Florida Teacher Certification Exam (FTCE) and Florida Educational Leadership Exam (FELE) will no longer be offered via paper and pencil testing. In addition, computer-based testing locations have been restricted to Pearson VUE locations only. This means colleges and universities, including Florida Atlantic University, are no longer able to offer the FTCE/FELE on any campus.

The FTCE/FELE registration website, located at www.fl.nesinc.com, includes an “Important Announcements” section on the right hand side with more information about this change. If you have questions regarding the new policy set by the Florida Department of Education, please contact the FTCE/FELE customer service center at (413) 256-2893. We have been advised that representatives will be available to answer your questions from 7am to 7pm (EST), Monday through Saturday. For additional information about the FTCE/FELE program and recent changes made by the Florida Department of Education, please contact Phil Canto, Bureau Chief of Postsecondary Assessment, at (850) 245-0513.

For your convenience, we have listed the only approved computer-based testing locations below:
