

EHS Course Matrix by Work Type

Work Type	Required Training
All Laboratory Workers	Laboratory Safety Fire Safety and Prevention Portable Fire Extinguisher Training Hazard Communication Hazardous Material Handling and Storage Hazardous Waste Generator
Laboratories working with infectious or potentially infectious material (any human/nonhuman primate materials; mammalian whole animals and cells/cell lines used in recombinant/synthetic nucleic acid studies)	Bloodborne Pathogens Training Biosafety Hazardous Waste Handling and Disposal
Laboratories working with Animals	Working Safely with Animals
Field Work with Animals	Animal Field Research Safety Overview
Indirect Contact with Animals	Animal Facility and Laboratory Safety Awareness
Work with Radiation	Radiation Safety
Work with Lasers	Laser Safety
New Hires	Workplace Safety Orientation Hazard Communication Fire Safety and Prevention
Office Workers	Office Safety
Maintenance Workers	Asbestos Bloodborne Pathogens Awareness (Custodial Workers) Hazard Communication Hazardous Material Handling and Storage Hazardous Waste Generator Fire Safety and Prevention Portable Fire Extinguishers
Medical and Dental Clinic Workers, Child Care Workers	Bloodborne Pathogens Awareness Biosafety Hazardous Waste Handling and Disposal Fire Safety and Prevention Portable Fire Extinguishers Hazard Communication
Situational	Food Safety and Handling Respiratory Protection Powered Industrial Trucks Lockout/Tagout IATA Shipping DOT Shipping Hearing Conservation Confined Spaces Spill Prevention, Control and Countermeasure Plan
