Dr. Steven G. Schock Scholarship Application

Name: _____ Z # _____

Home Address: _____ Apt.#: _____

City: _____ State: _____ Zip: _____

Phone: _____ FAU Email: _____

MS ☐ PhD ☐ Major: _____ FAU Graduate GPA: _____ Credit Hrs.: _____

Application is open to full-time master or PhD students in the College of Engineering and Computer Science who are pursuing an advanced degree in ocean engineering, electrical engineering or computer science and have an interest in underwater acoustic technology with the intent of having a career in this field. This may include scientific research, design and development of instrumentation or the application of the technology to address known or future needs. In addition to the award, the candidate may have an opportunity to receive a paid internship for a semester at EdgeTech in Boca Raton, FL (per signed gift agreement 2011). Applicants must have not previously won this award.

I authorize the release of this application and any relevant supporting information to persons involved in the selection of scholarship recipients.

Applicant's Signature: _____ Date: _____

The scholarship application packet requires the following information:

_____ Unofficial Transcript

_____ One-page summary of your interest and activity in underwater acoustic technology. This may include scientific research, design and development of instrumentation or the application of the technology to address known or future needs.

_____ Curriculum Vitae. The CV must include the list of publications with the full list of authors and the submission status (e.g., submitted, accepted, published).

_____ Letter of Recommendation from a Faculty Member
