

About NextEra

NextEra Energy is the world's largest utility company built and based in America, responsible for generating more wind and solar energy than any other company in the world. Its subsidiaries include Florida Power and Light (FPL), NextEra Energy Resources, NextEra Energy Partners and Gulf Power Company. In addition to wind and solar, NextEra Energy Resources owns and operates generating plants that are powered by natural gas, nuclear energy as well as oil.

Sustainability

By investing in infrastructure and clean innovative energy, NextEra is committed to being an industry leader in environmental protection and stewardship. In 2021, NextEra Energy was ranked No. 1 in the electric and gas utilities industry on Fortune's list of "Most Admired Companies" for the 14th time in 15 years.
