I. INDEPENDENT STUDENT'S INFORMATION

Your 2026-2027 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. Per Federal Regulations, before receiving Federal Student Aid, you are required to confirm the information you reported on your FAFSA. If there are differences between your FAFSA and the documentation provided, FAU will make corrections to your FAFSA. You must complete and sign this worksheet, attach any required documents, and submit the complete packet to the FAU Office of Student Financial Aid. Additional information may be required.

II. FAMILY INFORMATION

List everyone who is included in your family size. Your family size includes the following:

The student.

- The student's spouse, if applicable.
- The student's dependent children if the following are true:
 - They live with the student (or live apart because of college enrollment);
 - They receive more than half of their support from the student; and
 - They will continue to receive more than half their support from the student during the award year.
- Other persons if ALL of the following are true:
 - They live with the student;
 - They receive more than half of their support from the student; and
 - They will continue to receive more than half their support from the student during the award year.

The provided criteria for "dependent children" or "other persons" align with the requirement that family size align with whom the student could claim as a dependent on a U.S. tax return if the student were to file a U.S tax return at the time of completing the 2026-2027 FAFSA. As a result, the student should not include any unborn children in the family size. If more space is needed, provide a separate page with the student's name and ID number at the top.

III. STUDENT INCOME INFORMATION

The instructions below apply to the student and spouse (if the student is married).

As part of federal student aid eligibility, students, and spouses (as appropriate), will be required to consent and approve sharing and importing income and tax information from the IRS to the FAFSA form, even if the attempt to obtain or use such data is ineffective. In other words, if the student and spouse filed separate 2024 IRS income tax returns, both must provide consent and approval to share and import income and tax information from the IRS. In most cases, no further documentation is needed to verify 2024 income information that was transferred into the student's FAFSA using income and tax information directly from the IRS. If 2024 income tax return information for the student (or spouse, if applicable) was not available or could not be used, the student should provide FAU with a 2024 IRS Tax Return Transcript(s) or a signed copy of the 2024 income tax return and applicable schedules. If the student or spouse filed an income tax return with a tax authority other than the IRS, provide a signed copy of the income tax return that was filed with the relevant tax authority.

Did the student file a 2024 income tax return with the IRS?

- ☐ **STUDENT IS A TAX RETURN FILER:** The student filed or will file a 2024 income tax return with the IRS. In most cases, no further documentation is needed. If the information was not successfully imported into the FAFSA, the student is required to submit copies of 2024 income tax returns to the Financial Aid Office. If married, the spouse may also be required to submit additional information (such as a tax return or certification of non-filing) to the Financial Aid Office. Review your financial aid status on MyFAU Self Service to see if additional information is required.
- ☐ **STUDENT IS A TAX RETURN NON-FILER:** The student will not file and is not required to file a 2024 income tax return with the IRS. By signing this verification worksheet, you (the student) certify that you have not filed and are not required to file a 2024 income tax return. You also certify that you have listed below the sources and amounts of earnings, other income, and resources that supported you for the 2024 tax year. If you are married, your spouse may also be required to submit additional information (such as a tax return or certification of non-filing) to the Financial Aid Office. Review your financial aid status on MyFAU Self Service to see if additional information is required.

ONLY COMPLETE IF TAX RETURN NON-FILER! SELECT WHICH APPLIES:

- ☐ The student has no earnings, other income, or resources to report for the 2024 tax year. The student was not employed and had no income earned from work in 2024.
