

# Uploading a video and sharing a link using OneDrive

## OneDrive website

1. Go to onedrive.com, on your browser and log in with your Microsoft account, then browse to the location where you want to add the files.

2. Select **Upload**.

3. On the box that will pop up select the files you want to upload, then click on **Open**, the file will then start uploading on to your OneDrive. You are now ready to share the link to your file.

4. Locate the file that you wish to share from your OneDrive folder

5. Right-click the file you want to share and click on copy link. A box like the one below will pop up.

6. Click **Copy** and you are ready, you may now share this link on your application.
