Alternate Estimated Cost of Living Expenses for International Students

International students who have a sponsor or family residing in the U.S. and who plan to live off-campus with this sponsor/family member while attending FAU may request a lower estimate for living expenses. This lower/adjusted cost of living estimate is used for calculating the total estimated expense figures for the issuance of the I-20 or DS-2019. Please review the [Estimated cost of living provided by Financial Aid](#). The family/sponsor must provide a **certified or notarized letter** verifying that they are able to provide room and board which is equivalent to the difference in U.S. dollars between the estimated cost of living off campus (\$18, 732/year) versus the estimated cost of living at home with a family member (**\$3, 892*** = 18, 732/total - 14, 840/room and board). An international student may not serve as a sponsor to reduce living expenses for another international student. U.S. Citizens and Permanent Residents can fill out Form I-134 -- Affidavit of Support (<http://www.uscis.gov/i-134>) instead of the letter of support.

* Please note that student still needs to provide proof of estimated transportation cost in the amount of **\$3, 892**
